15TH YEAR. NO. 276.

EAST LIVERPOOL, O., FRIDAY, MAY 4, 1900.

TWO CENTS

BRICKLAYERS' SETTLEMENT

President Larcombe Doesn't Expect the Strike to Last Much Longer.

ARE PREPARING A NEW SCALE

At a Meeting of the Union This Afternoon For Presentation to Contractors.

STRIKERS WATCHING TRAINS.

It is probable the bricklayers' strike will be settled within the next 10 days. In fact a meeting of the bricklayers with that end in view was held this afternoon in their rooms in the Citizens' National bank building.

This meeting was called by James Larcombe, president of the local union, and was for the purpose of discussing the idea of presenting a new scale to the contractors. So far both sides have remained firm, and no conferences on either side have been asked. Mr. Larcombe was seen at noon today and said he did not think the strike would last much longer.

Since the strike was started all the trains have been closely watched by a committee representing the union. With this committee is President Larcombe, and it is their intention to talk to any bricklayers who come here to work from other towns. A member of the committee said today that they had only seen one person who came to get work since the strike was begun and he is now working on the big sewer in Chester.

The men, should they draft a new scale this afternoon, will ask for a conference with the contractors at once.

Today several bricklayers left the city for Steubenville, where they have secured employment.

BLACKBURN HEIRS.

Letter Received From a London Company Regarding the Researches Being Made.

Dr. Edward F. Larkins this week received a letter from the Real Estate Realization company, of London, England, relative to the Blackburn estate. The letter states that the company has made a preliminary investigation as to the claims of the heirs and found that one or more estates are in the court of chancery awaiting the action of the Blackburn heirs. These estates date back to 1785. The letter further states that the company has received several inquiries from Herbert Blackburn, of Cleveland, about the estate and the correspondence of Dr. Larkins to Charles Fisk Beech has also been turned over to them.

LOVERS OF SONG.

Lovers of Vocal Music Will Have a Treat Next Sunday.

Sweet singers of the city will make rich music at the First M. E. church on Sunday afternoon, May 6, at 3:30, on the occasion of the grand temperance union rally, when Evangelist Duncan MacGregor will deliver his matchless address, which has won him warm commendation all over the

land. You will do well to be on hand at an early hour, as the indications are that the church will be packed. The singers of our various churches have, we understand, freely offered their services for this grand rally, and the song service will be a very pleasing feature.

PETTY LARCENY.

JUSTICE McCARRON HAD A CASE YESTERDAY.

Two Women Got Into a Dispute and the Case Found Its Way to the Justice Court.

A case which might have brought out considerable sensational evidence was settled in Justice McCarron's court yesterday. The particular charge made was that of petit larceny, and was brought by one woman against another. Both are well known and have connections in excellent standing. It seems that the defendant in the case lived for a time at the home of the plaintiff, but they quarreled and she left taking a refrigerator in lieu of wages she claimed were due for services rendered. When the defendant appeared she made this claim and also stated that the plaintiff had kept a silver teapot and set of knives and forks belonging to her. Squire McCarron found it a difficult matter to keep the women from relating stories having no connection with the case.

One man when telephoned that his testimony would be used in the case said that he would not appear if subpoenaed, and that he was willing to pay all costs to have the case settled. The parties compromised by each agreeing to return to the other what they had taken, and the suit was withdrawn.

GOT ANOTHER.

The Untiring Vindicator Picks Out One More Candidate Against R. W. Tayler.

The Youngstown Vindicator says: The many friends of ex-Mayor Walter L. Campbell are talking of him in connection with the Democratic congressional nomination and should conditions justify it at the time of holding the congressional convention his name will undoubtedly be presented to that body.

Song Service.

Miss Pearl Sebring will render an appropriate solo at the union temperance meeting to be held in the First M. E. church on Sunday afternoon.

AN ACCIDENT.

Harry Beatty Fell on a Milk Bottle Yesterday and Seriously Cut His Hand.

Harry Beatty, a boy whose home is in California Hollow, met with a painful accident yesterday. He was going down Sixth street carrying a bottle of milk when he fell, breaking the bottle under his hand. The first and second fingers were split and several arteries severed. Chloroform was given the boy while the wound was being dressed.

New Coal Mines.

Lisbon, May 4.—(Special.)—Hard & Prosser, who operated coal mines near Lisbon for several years, have leased several hundred acres of coal land near Guilford, in Hanover township, and will open up mines there this summer. They will build a switch three miles long from the Niles and Lisbon branch of the Erie road.

MINNIE CARROLL HAS DEPARTED

She Will Spend the Next Thirty Days at the Canton Work-House.

TWO ARRESTS MADE YESTERDAY

John Jones Was Given Just One Hour to Get Out of the City or Take the Consequences.

ONLY ONE MAN CASHED IN.

Minnie Carroll has gone to the workhouse and she won't be back for over 30 days. Chief Thompson took her in charge this morning and they left on the morning train. Minnie has a fine and costs of \$9.60 to work out. She made numerous visits to see Mayor Bough and there is now about three charges against her at city hall that the ex-mayor left unsettled.

William Hogarty, who was arrested Wednesday, managed to raise the \$5.60 necessary to get him out of jail and was released yesterday afternoon.

George William Swancey didn't get security for his fine and is still in jail waiting for some kind friend to put in an appearance and go security for him.

John Jones was a capture of Officer Gill yesterday afternoon. When the officer found Jones he was drunk and was talking to the trees and making funny remarks. Jones didn't have anything on his person and the mayor instructed the marshal to turn him loose and give him just one hour to get out of the city. When last seen he was going past the West End ball ground at a rapid rate.

James Higgins filled up on bad whisky yesterday and wandered down to the lower end of Washington street. Here he was found by Officer Mahony and taken to the city jail. He made arrangements to secure his fine and was released this morning.

ELECTED OFFICERS.

Epworth League of the First Methodist Church Held Interesting Meeting Last Evening.

At a meeting of the Epworth League Society of the First Methodist church last evening the following officers were elected to serve for the coming year: President, C. L. Gray; first vice president, Mrs. O'Brien; second vice president, Ara Hawkins; third vice president, Sue Esterley; fourth vice president, Joseph Marple; secretary, Miss Pearl Shives; treasurer, Joseph Kenney.

The delegates to the district Epworth League convention which will be held at Smithfield June 6 are Dr. Clark Crawford and George Pickering; alternate, Mrs. Lou V. Henderson.

A PETITION.

Teamsters to Ask Railroad Company to Place Watchman at the Walnut Street Crossing.

The teamsters who frequent the freight station are about to present a petition to the railroad company asking that a watchman be placed at the Walnut street crossing. The teamsters claim this is the most dangerous crossing about the city, as it

is impossible to see a train coming either from the east or west. The teamsters also assert that while no serious accidents have occurred at this crossing there have been many narrow escapes.

ON THE CROSS.

The Lessons Taught By and Through the Crucifixion of the Savior.

The crucifixion of Jesus and the lessons taught thereby was the theme of Evangelist MacGregor at Y. M. C. A. hall last night, in the presence of deeply interested auditors. The instantaneous conversion of the thief, while hanging upon the cross by the side of the Savior of the world was commented upon, the Son of God answering at once the earnest heart cry of the poor sinner, whose whole soul was filled with infinite joy by the words of the Master: "This day shalt thou be with Me in paradise." The lesson of forgiveness of our enemies was also eloquently taught in the words: "Father forgive them; they know not what they do." Good was surely accomplished at the meeting last night. You will be very welcome tonight.

Miss Emma Maple rendered, as a solo, a selection speaking of the Christian obtaining higher ground or spiritual life, even while upon this earth. The singing and sentiment met with hearty responses in the shape of amens and hallelujahs.

The meeting to be held in the First M. E. church on Sunday afternoon, at 3:30, promises to be a great success. It will be a union service, and the sweet singers of the various churches will participate.

Don't fail to hear Rev. Duncan MacGregor on the subject of temperance. You will be delighted.

A GREAT RALLY.

The Union Temperance Meeting at the First M. E. Church Sunday Afternoon.

The grand union temperance rally at the First M. E. church at 3:30 Sunday afternoon will be a great occasion for all who are or ought to be interested in temperance work. The brilliant and sweeping lecture by Evangelist MacGregor, "The Mountain of Fire in American Civilization," will be interesting, instructive, eloquent and earnest. Rev. Dr. Clark Crawford will preside and the pastors and choirs of the different churches will unite. The W. C. T. U. will attend in a body. A fine musical program will be arranged. The entire program of services will be presented to the public through the public press tomorrow.

Early Next Week.

F. B. Neal, who is negotiating for the purchase of the Metsch flour mill, expects to close the deal early next week. Mr. Neal said today he was waiting on the railroad company, and as soon as he knows about the new siding the deal will be closed.

Teachers' Association.

The meeting of the Northern Ohio Teachers' association will be held in Youngstown, May 26. The program will include addresses, X-ray experiments, citizens' hour and music.

Will Play Ball.

The Hill Tops and California Hollows, two juvenile base ball teams of the city, will cross bats on Diedrick's hill tomorrow afternoon.

THREE OF FERRISH FAMILY KILLED

Telegram Announcing the Sad News Received by Mrs. James Welch Last Night.

TWO BROTHERS AND A SON

Met Death in the Scofield, Utah, Mine Disaster but Robert Ferrish Is Safe.

WERE ALL WELL KNOWN HERE.

Mrs. James Welch, of East Market street, last evening received a telegram from Scofield, Utah, announcing the death of two of her brothers and a nephew.

This is the first reliable news received here since the terrible disaster and it has caused sorrow in several homes.

On Wednesday evening Mrs. Welch sent a telegram asking for information about the safety of the Ferrish boys and the message received last evening was the answer. Those who were killed were Thomas and Robert Ferrish and also a son of Thomas, Isaac Ferrish and his family are now at Scofield, although when the accident occurred they were at their home about 50 miles distant from Scofield.

Mrs. Welch was seen at her home this morning, but said very little about the news she had received. Her brothers are married, and it is not thought the remains will be brought here, but they will be interred at Scofield, where the boys have lived for the past seven years.

Mr. and Mrs. Robert Ferrish, of Bradshaw avenue, are the parents of the brothers. Three married sisters live here—Mrs. Welch, Mrs. Henry L. Morgan, of Third street, and Mrs. Albert Obney, of the Northside. Four brothers, John, James, Will and Ed. Ferrish, live at home.

Robert Starkey, yardmaster of the Cleveland & Pittsburg railroad at this city, said this morning that Robert Ferrish was employed at the local freight depot before he went west.

NO SELECTION.

Carnegie Library Commission Discarded Some of the Plans They Didn't Think Suitable.

Nothing definite was done at the meeting of the library commission last night. The number of plans from which the selection will be made was reduced, the members all agreeing that the sketches which were discarded were not available. Another meeting will be held tonight and the committee will continue to meet every evening until they finish their work.

Postponed for a Week.

The case of Lena Logan against Mrs. Martha Studenroth to recover \$55 alleged to have been stolen from her while she was a guest at the National Hotel, that was to be heard in the court of Justice Daniel McLane this afternoon, has been deferred until May 11.

Those New Cells.

The new cells at city hall are being completed this week and will soon be ready for occupancy.

SUBURBAN NEWS.

EAST END.

The following officers have been elected by the Epworth League of the Second M. E. church: President, Porter C. Herbert; first vice president, Stella Finley; second vice president, Lottie Smith; third vice president, Mamie Randall; fourth vice president, Mamie Marsh; secretary, Abner Nice; treasurer, W. T. Smith. The officers will be installed one week from next Sunday evening. The above will hold a cabinet meeting Saturday evening for the purpose of naming committees for the next term. A lengthy program for the installation services is now being prepared.

An interesting missionary meeting was held yesterday afternoon at the Second M. E. church.

Dr. William M. Calhoun went to Lisbon yesterday morning, where he spent the day on business.

Frank B. Chambers, of Mulberry street, who has been very ill with grip for several days, is recovering rapidly.

A local talent entertainment will be given in the Methodist Episcopal church at Smith's Ferry early next week.

G. W. Johnson, of High street, is very ill with typhoid fever.

The tracks of the East Liverpool & Wellsville Street Railway company at the Thompson pottery were moved out toward the river yesterday, or a distance of five feet.

Section Foreman Dennis Hickey stated yesterday that 10 laborers were now at work along the road. Some of the old laborers have been taken back at the old wages and others have asked for their old positions. A full force will be at work on the road within a week.

The attendance at the missionary meeting at the Second Presbyterian church was large and the program was interesting. Mrs. E. D. Moore gave an interesting talk about the work of the Ecumenical conference held at New York recently.

There is a slight change in the condition of Mrs. Chambers, of High street, who dislocated her hip by falling against a stove.

John Chaney Hanley, of Pennsylvania avenue, will graduate from the Allegheny Theological seminary one week from next Wednesday night. There are 14 in the graduating class. Nearly all of the class have already received calls to different parts of the church or have been appointed to stations in the various mission fields. The baccalaureate sermon will be preached Sunday evening, May 13, in the Fourth United Presbyterian church, Allegheny, by Rev. John A. Wilson, D. D., professor of ecclesiastical history and church government. The closing address will be delivered by Rev. James A. Grier, D. D., president of the seminary and professor of theology.

Rev. J. Ross Greene left yesterday afternoon for Bellaire, where he will remain a few days on business.

Clement Lemon, of Mulberry street, who has been visiting friends in the southern part of the state for several days, has returned home. He is much improved in health.

A number of persons from the city were in the suburb yesterday afternoon looking for vacant houses, but it was the old story they heard, that all the houses here are occupied.

Much filling in on Walnut alley in the vicinity of the fire station has been done during the past few weeks. The roadbed has now been brought up to a level with Virginia avenue.

Declared War.

Mayor Dennis, of Wellsville, has declared war on the street corner loafers, and a few evenings since seven of them were arrested.

SOUTH SIDE.

The Columbiana County Telephone company have commenced the construction of their line in Hancock county. The company are setting in an average of 26 poles a day, and if possible they intend to have a portion of the line in operation by June 1. All the right of way has been secured.

The Pennsylvania company are erecting a 144-foot passenger platform near the bridge. Passenger trains will be run over the Panhandle into Chester in a short time.

Rev. Gillis will conduct the services at the U. P. church on Sunday afternoon. He has occupied the pulpit here a number of times in the past, but will have charge of the work regularly in the future.

The church at Hookstown will be ready for dedication in about six weeks. In connection with the dedication will be held the district quarterly meeting.

Miss Bertha Fowler is on the sick list.

Several Hookstown teamsters who were considerably under the influence of liquor engaged in a rough and tumble fight yesterday afternoon while passing through Chester.

Prayer meeting was not held at the Free Methodist church last evening on account of the repairs now being made on the building.

John Cunningham has gone to the country to assist his father to put in the season's crops.

Hooker Allison has sold a tract of 70 acres to R. F. Allison. The farm is about a mile from Chester.

Business at the postoffice has increased greatly in the past few months and application will probably soon be made for service twice a day instead of once.

Services at the Free Methodist church Sunday evening will be preceded by a Bible reading. Miss Crill will conduct the services.

The council room of the Chester Junior Order has been repapered and otherwise greatly improved.

The state board of equalization has arranged a schedule of meetings to be held by them at different points in the state to give hearings to citizens on the subject of assessments. The meeting for Hancock, Brooke, Ohio, Marshall and Wetzell will be held at Wheeling May 8 and 9.

MORE INSANE.

Twenty-Four More Cases From This County Added to the List.

A statement is going the rounds of the county press to the effect that Columbiana county has 139 patients in the Massillon asylum for the insane and nine in the Toledo asylum, making a total of the county's insane in public institutions of 148. This, says the Buckeye State, does not tell the entire unfortunate story. In addition to the 148 enumerated there are six in the asylum at Dayton and 18 confined at the infirmary—a grand total of 172. Estimating the population of the county at 70,000 this represents about two and one-half to each thousand of the inhabitants of the county.

What is the Difference?

Yesterday afternoon two individuals accosted a man on the street with the remark that he was a gentleman of some education and refinement and they desired to know the difference between a mile square and a square mile. They stated that \$10 was wagered on the matter. The gentleman didn't answer the question and the men passed on to some one else.

TOO MUCH PROSPERITY.

Youngstown Paper's Humorous Comment on Scarcity of Labor In This City.

Youngstown Telegram.

Down in East Liverpool, where nearly every man, woman and child is a Republican, there threatens to be an upheaval in favor of Bryan at the coming election. Usually communities favor good times, a superabundance of work for laborers and business for employers, but it seems that too much "superabundance" is quite possible. In fact that is the condition just now in the Columbiana city. The employers in that city want men in their works, and this may turn their attention to the fact that one sure way to get them is to trade off the Republican policy of prosperity for the Democratic policy of idleness and starvation. Here lies the danger to McKinley's prospects in one city where he has always had a cinch, and this danger may be infectious and thereby destroy his chances for re-election. McKinley prosperity may overreach itself, and destroy its author.

The Democrats certainly have a good point here with which to help along their campaign. "Too much prosperity" is a strong slogan to sound before the people, and upon that cry much may be gained for Bryan.

SALEM ELKS

Dedicated Their Handsome New Hall Yesterday Afternoon—Local Elks Present.

Salem, May 4.—(Special.)—Salem lodge No. 305, B. P. O. Elks, yesterday afternoon dedicated its new hall and quarters in Elks building on East Main street. The lodge occupies the entire second and third floors. On the second are the billiard and smoking rooms, ladies' parlor, dining room and kitchen. The third floor is used as a meeting room. The quarters are among the finest of any used by Elks in eastern Ohio.

Deputy Grand Exalted Ruler Byron F. Ritchie, of Toledo, was to have conducted the dedicatory services, but in his absence designated C. A. Betzler, of Cleveland No. 18, to officiate in his stead. The exercises were held at 3 p. m. In the evening a ball and reception was given.

Salem lodge is less than five years old and now has 225 members.

Among the members of East Liverpool lodge No. 258 present were: Ex-Mayor J. A. Martin, of Lisbon; S. T. Herbert, Exalted Ruler A. V. Gilbert and John Powell.

Quite a number were present from Pittsburg, Allegheny, Beaver Falls, Canton, Youngstown, Alliance, Cleveland lodges.

Chasing Chicken Thieves.

Ben, the blood hound owned by Fireman Thomas Bryan, which has been on the John Smith farm near Fredericktown for the past two months, came into the city yesterday afternoon, after chasing chicken thieves for two weeks. Mr. Smith loaned the dog to Joseph Sheer, who lives near Salem church. Quite a number of chickens have been stolen from Mr. Sheer, and the dog was put on the trail. That was two weeks ago. No one had seen the dog since it left the farm, and the boys are of the opinion the dog traced the thieves to this place.

Postoffice Warning.

The postoffice department has issued a warning to the public against the improper placing of stamps upon envelopes, a fad largely indulged in by girls and women. The proper place for a stamp on an envelope is the upper right hand corner, and any other position not only renders proper cancellation inconvenient, but tends to delay mail matter to which the stamp is affixed.

IN A HOSPITAL.

Fireman Bryan Receives Word of the Death of His Niece at a Wheeling Hospital.

Fireman Thomas Bryan this morning received a telephone message from Wheeling announcing the death of his niece, Miss Claude Thompson, at the Wheeling hospital last evening. She was the daughter of Mr. and Mrs. John Thompson, of Wheel-

ing, and was taken to the hospital last Tuesday, where she suffered an operation. She had been suffering with ear ache for some time and it affected her brain.

MELLIER DRUG COMPANY, St. Louis, Mo.

WILL SEND THEM TO WORKHOUSE

Mayor Davidson Don't Propose to
Let the Bums Loaf Around the
City and Annoy People.

HE STATES HIS POSITION

In a Decisive Manner and Says
the Bums That Face Him Will
Goto the Works.

DETERMINED TO STOP PRACTICE

Mayor W. C. Davidson is not going
to fool with the loafers in this city
and they will all go to work if they
face him and have no cash with
which to pay their fines.

He believes like all good citizens
that the bums have become a con-
firmed nuisance in the city and he is
determined that the practice of beg-
ging shall be stopped. He stated this
morning that he proposed to send
such people to the Canton work
house as fast as they came before
him, and would give them such a
salty dose that they would have no
desire to go back there again, but
would straighten up when they re-
turned home. He also thinks a trip
to the works will give some of them
a chance to get some of the whisky
out of their systems. It will be re-
membered the mayor started this pol-
icy by sending Freddy Bloor and
James Penny over the road.

His honor thinks the city should
have a stone pile to make the people
work, but is not in favor of doing
away with the Canton workhouse con-
tract, as some of the men arrested
might refuse to work if they were put
on the streets here. He says that
when citizens of this class appear
before him they shout guilty before
he even reads the charge to them,
and then tell him they haven't any
money.

Another rule that the mayor wishes
the people to distinctly understand
is that he positively will not have
anything to do with children's quar-
rels, as he don't consider the mayor's
office a "baby farm." He says people
enter complaint against children that
are too young to be accountable for
what they do and he is expected to
take some action in the cases. He
wont have this kind of business and
wont take any family quarrels, as

In these days of active speculation it
is more secure and pays better to deposit
your savings in the Pittsburg bank for
savings, No. 210 Fourth avenue, Pitts-
burg, Pa., where it earns 4 per cent in-
terest, compounded twice a year, than
to take the chance in investments not
absolutely sure of a dividend. You can
deposit by mail as easily and safely as in
person in this bank. Write or call for
booklet describing how it is done.

BE COURTEOUS.

Courtesy on your part don't cost you very much, and it is a mighty good investment. Remember that a "soft answer turneth away wrath."

THE SHORT SKIRT.

Sensible women, young and old, fall in love with the short skirt and its use upon the street. Men admire the good sense of the wearer. It is conducive of health and is a very decided feature in favor of neatness and cleanliness. It saves the fatigue consequent upon holding up a mass of useless material. It is not made use of as a sidewalk and street cleaner. Its use is an evidence that the user possesses a fair share of gray matter.

BENDHEIM'S,

EDITORIAL NOTES.

Bryan stands on the Chicago platform and Dewey on the Chicago canal.

The Boer delegates have sailed for New York. But even after they land they'll still be at sea.

A strike is a good deal like a political campaign. "Both sides are confident" up to the last moment.

When one congressman calls another a liar it's "a highly dramatic scene." Gentility must be commonplace in congress.

The sultan has barred all electrical appliances out of Turkey. He's afraid somebody may turn a battery in on him.

Mayor Davidson is to be commended for making his court a way station on the workhouse line for local panhandlers.

A Pennsylvania politician was killed by the bursting of a wheel. The Keystone state machine is a dangerous thing to monkey with.

The petition of East End residents for a justice of the peace in that end of the city has geographical justice back of it anyway.

Lisbon reports a scarcity of men, although it still complains of the loafers on the court house steps. But no one would call them men.

Some miscreant has been selling Wellsville people painted English sparrows for \$2 canaries. This comes near being cruelty to animals.

The Democratic state convention will be held in Columbus June 12-13. It won't be hard to hold this year. John R. McLean has it well tamed.

Senator Hoar places American losses in the Philippines at 6,000,

while the official reports show but 2,256. What a circulation liar Hoar would make!

The Pittsburg Post seems to have the same idea as the Toledo Blade, that Toledo is the whole state of Ohio. It announces today on the strength of a Bryan meeting there that "Ohio is certainly a Bryan state." Wouldn't that kill you?

DON'T WORRY.

Worry kills quicker than work. Do the best you possibly can with God-given talents, and leave results with the Master.

KEEP YOUR PROMISES.

Be careful in making promises. When made, keep them. Such measure will stand you in good place in the hour of need and extremity.

SUNSHINE.

Carry a reservoir of sunshine in your heart and let it shine out in your life. It will do you good and will wonderfully help your friends and associates.

RIVER IMPROVEMENT.

The improvement of the Ohio river has been taken good care of in the sundry civil appropriation bill just reported in congress. A little less than \$600,000 has been set apart for the five dams south of Davis Island dam, and \$135,000 for the improvement of the Monongahela river. Other sums are given to the middle Ohio, and these with the appropriations for the work already done, will make the Ohio a highway of trade of which any country may be proud. The construction of a dam at Walker is only a question of time. Congress is now so far committed to the full improvement of the Ohio, and has spent so much money on it that it must complete the work thoroughly.

JIGGERMEN UNDER THE OLD SCALE

What They Claim Will Be the Outcome of the Trouble at Trenton Potteries.

WHAT MANUFACTURERS SAY

Enforcement of Scale Lies With the National Brotherhood and Don't Care

WHETHER IT OR OLD SCALE GOES

Trenton, May 4.—(Special.)—The existing difficulty over the new wage scale is believed to have been settled. There will be no strike by the local potters.

A prominent jiggerman seen last evening said the new scale would not be put into effect and work would be continued on the old wage scale. He said that this announcement was made by a prominent manufacturer authorized to do so. Manufacturers, when seen this morning, asked what the manufacturers' next move would be, said the matter was entirely in the hands of the workmen, their representatives in the National Brotherhood had made the scale, the manufacturers had simply accepted it. The manufacturers would not urge acceptance of the scale, and whether the workmen worked under the new or old scale depended entirely with the men themselves.

THOS. C. HILL.

NON-SUPPORT.

John Quinn Answered to the Charge in the Court of Justice McCarron.

John Quinn had a hearing before Squire McCarron this morning on a charge of non-support of minor children. The complaint was made by his wife, Hannah Quinn. They are the parents of five children, and this is not the first time Quinn has been brought up on this charge. Justice McCarron, by the consent of both parties, took a written agreement from the man by which he is to pay \$4 a week to contribute to their support. Squire McCarron has had several cases of this kind, and says he will show no leniency in case the agreements are broken.

Granted a Divorce.

Lisbon, May 4.—(Special.)—Anna Fehl, of Salem, has been granted a divorce from Louis Fehl, to whom she has been a faithful wife for 24 years. They were married in Salem on January 20, 1876, and are the parents of one daughter, now 23 years of age. She told the court that early in November of 1895, he struck and cruelly abused her, threatening at different times to kill her. After several weeks of this treatment he deserted her and has not since been heard from.

CONGRESSMAN TAYLER

Succeeds in Having Mail Service to and From Lisbon Doubled.

Lisbon people in the near future will be furnished with double mail service on the P., L. & W. railroad. Since mail service was established on this railroad there has been but two mails a day giving service to all stations along the line. In a short time a mail agent will be put on the morning train and the mails will be worked up on all trains instead of through pouches being made up there.

Congressman R. W. Tayler has been working for some time to have this change made. This is something which towns along the P., L. & W. line have been wanting for a long time.

POPULAR SUITS

Are Pleasing to the Eye.

THE PRICES ARE WITHIN THE REACH OF ALL.

High Grade Suits Have those niceties of cut and finish that stamp elegance in apparel, and form a veritable studio of artistic ideas in the master minds of the tailoring world. A man can reach the minimum price when buying clothes, and yet preserve a good appearance.

Our Late Style of men's suits, displayed in our window, range in price from \$10, \$11, \$12, \$13 to \$15. These are the prices that suit your purse and the wearer is sure to possess a suit such as is worn by our very best dressers.

Children's Suits. These are made with the same care as men's suits. The little tot, with his single or double breasted vest, "just the same as papa's," will be delighted. He will also be eager to wear one of our vestee suits, made from materials of fancy worsteds, fancy chevots or cassimeres. Prices range from \$2 to \$5.

Hats. A stylish hat costs no more than one out of the fashion. In our hats you find the good quality we always aim to uphold. We sell today soft and stiff hats for \$1.48, \$1.98 and \$2.48 in the latest new colors of Pearl, Fawn, Slate, Steel, Nutria, etc. We are exhibiting these hats, at the above prices, in our show window, and they are meeting with warm approval from those who are wearing the proper style for the coming season.

LONG BRITISH FRONT.

Advancing In Line Extending
40 Miles.

THE BOERS DISPUTE THE WAY.

Compelling the English to Proceed With
Caution—Forward Movement Believed
to Be Under Way at Kimberley—Burghers
Restless In Natal.

LONDON, May 4.—General Broadwood's cavalry brigade has reached Isibotfontein, 28 miles north of Thaba N'Chu. General Ian Hamilton is bivouacking at Jacobsrust, 15 miles north of Thaba N'Chu. General Tucker's division is moving eastward from Karee Siding. The divisions of General French and General Rundle are in and near Thaba N'Chu. Thus Lord Roberts has 55,000 men operating clear of the railway along a front of 40 miles.

He is advancing slowly with some success. Yet at all points of concentration the Boers appear in force sufficient to compel the British to proceed with caution. Their wide front in a rugged country makes turning movements off hand difficult.

The Boers, Mr. Winston Churchill says, have enormous herds of cattle and flocks of sheep gathered in the southeast. These they are driving northward.

Observers at headquarters in Bloemfontein seem to think that the Boers are preparing to evacuate Brandfort and Ladybrand. The Boers still holding Thaba N'Chu district are estimated at 4,000. They have among their guns a 40-pounder. One correspondent, wiring from Bloemfontein Wednesday at 11:55 p. m., said the British hoped to cut off the whole command.

The correspondents at Kimberley have been forbidden to communicate for several days, the deduction being that a forward movement is under way there. The Boers in Natal are restless.

BOER DELEGATES SAILED.

Left Rotterdam For the United States.
Sympathy Shown Them on
Leaving Holland.

ROTTERDAM, May 4.—The Boer delegates were warmly greeted as they drove to the quay and boarded the steamer Maasdam, of the Holland-American line, bound for New York. Dr. Leyds, the diplomatic agent of the Transvaal, accompanied the party to Boulogne-Sur-Mer.

The vessels in the river displayed the Transvaal, Orange Free State and Dutch flags, while numerous societies, with bands playing national airs, assembled on the quay, one association singing the national anthem, in which many of the public joined.

After Dr. Leyds and the Boer delegates had boarded the steamer Mr. Fischer addressed the crowd. He said in part:

"We are going to a country which fought for liberty with the same country with which we are fighting. We also hope to obtain this liberty. We have not fought for the support of faction in Holland, nor will we seek for them in America. We will only seek the people. On our return we hope to be able to say that in them also we found supporters of our cause."

DOUBTS CHRIST WROTE IT.

The Rev. Dr. Park . . . Scouts at the
Authenticity of Recent Discoveries.

LONDON, May 4.—Preaching in the City temple here, Rev. Dr. Joseph Parker, referring to the alleged Christ-Agrippa manuscripts, said he undertook to say Christ had never written "such inconceivable nonsense."

Nethersole Sues a Minister.

WASHINGTON, May 4.—Suit has been filed in the supreme court of the District of Columbia by Olga Nethersole, the actress, for \$20,000 damages against Rev. Thomas C. Easton, pastor of the Eastern Presbyterian church, in this city. The attorneys for Miss Nethersole allege that Dr. Easton, in a sermon preached April 1 last, characterized Miss Nethersole as "a lewd woman."

One Murderer Mortally Wounded.

MIDDLEBURY, Vt., May 4.—Dunston and Frank Shaw, father and son, who killed Constable Hoffman a week ago when he and others sought to arrest them after their escape from the Woodstock jail, were overtaken by a posse and in the fight that ensued one of the Shaws was mortally wounded.

Gardner Knocked Santry Out.

LOUISVILLE, May 4.—Oscar Gardner knocked Eddie Santry out in the fifth round.

A CLOSE CALL.

A Team of Horses Owned by Frank
Johnson Narrowly Escaped from
Being Killed.

A serious accident was narrowly averted at the Walnut street crossing yesterday afternoon when train 337, due at 3:49 o'clock, came near striking a two-horse wagon being driven by Frank Johnson. Johnson was crossing the tracks, but did not see the approaching train. Several men standing near the crossing told Johnson a train was coming and he stopped the team on the tracks. The horses were started and the wagon just got off the track when the train passed by.

WHERE IS HE?

Chongeye Gallagher is Still Keeping
Away From East Liverpool
Officers.

Chongeye Gallagher has never put in an appearance in the city since he discovered that the police wanted him for stealing lead pipe. If he had arrived in time he might have secured 10 days in jail with Mullen and Cox, but Chongeye probably prefers to wait until cold weather before he goes to jail unless he can't help himself.

Ready for the Sale.

Chief Thompson and Mayor Davidson are making great preparations for the sale of the stray bay horse which Thompson captured some time ago. The animal will be in the pink of condition when it is put up at auction and Mayor Davidson will conduct the sale. The animal is not worth more than \$1,000, but the city officials expect to do well if they get \$100 for it.

Will Start Soon.

James Newell, who worked so hard to raise the bonus to start the Chelsea pottery, states that the plant would have been started before this, but the company were now negotiating with some parties who want to purchase the pottery, and for that reason had deferred the starting of the pottery for a few weeks.

Republican Times.

Solicitor Gaston Will Give Council an
Opinion on the Grim and
Whan Bills.

Solicitor Gaston will be ready at the next meeting of council to give that body an opinion on the Grim-Whan salary claims against the city, but the solicitor will have nothing to say as to what that opinion will be until he gives it to council. It was not necessary for him to ask leave of the court to file his answer at a later date, as Attorney Clark has been ill and did not file his petition within the time limit and an extension of time was granted him. The defendants have two weeks after the petition has been filed in which to file an answer. It is thought that Attorney Gaston will recommend that council go ahead with the cases.

Two More Wells.

It is announced that the Morgan Engineering company will put down two more wells at Homeworth, one on the Thomas farm and the other on the Boyce farm. It is hoped to secure sufficient gas to warrant piping it to the works at Alliance.

Married Last Night.

Miss Mattie Brooks, daughter of Mr. and Mrs. David Brooks, of this city, and George Benford, of Wellsville, were married last night. The young couple will go to housekeeping in Wellsville.

Wellsville Base Ball Team.

Wellsville will be in the push again this year with a first-class base ball team and are preparing to play a number of games on their home grounds. The Crescents were a good team last year and played splendid ball.

CAR REPAIRERS' STRIKE ENDED.

No Developments in Trouble of Freight
Handlers.

BUFFALO, May 4.—The striking car repairers of the New York Central will return to work in a body today. This was agreed to at a joint caucus of the Car Repairers' association held at East Buffalo.

The other roads did not adjust the differences with the car repairers, and while amicable negotiations are pending and may be concluded today, the situation on these lines is unchanged.

There were no positive developments in the strike of the railway freight handlers.

Railroads Ordered to Change Rates
Which Favored Oil Trust.

MONTREAL, May 4.—The Dominion government has given a preliminary judgment against the railroads in the case of the Independent Oil companies and the consumers against the Canadian Pacific and Grand Trunk railways for discrimination in favor of the Sarnia and Petrolia oil fields, which are controlled by the Standard Oil company. They must restore rates and make them the same for both.

DEATH REPORT FROM WOOD.

Sent the Names of Three Men Who Died
Died in Cuba.

WASHINGTON, May 3.—The following death report was received at the war department from General Wood at Havana:

HAVANA, May 2.
Death report, April 25 to 30—Santiago province, San Luis, William Kelly, formerly quartermaster employe, 24th, acute alcoholism; Baracoa, Odín Arnold, private, hospital corps, 25th, septicemia; Puerto Principe, Packer A. Staley, April 24th, at El Rancon, while on scout duty, supposed blood poisoning, result of lancet-boil on neck.

Jealous Woman Killed a Girl.

CHICAGO, May 4.—Miss Emma Stelz was shot and instantly killed by Mrs. Albert Holst, at the latter's home. Mrs. Holst sent for Miss Stelz and, after accusing her of having broken up the Holst home, fired two shots, both taking effect. Mrs. Holst was arrested.

SCARCITY OF COFFINS.

May Be Necessary to Cremate Utah Victims' Bodies.

DEAD LIKELY TO NUMBER 250.

A Funeral Train to Leave the Scene of the Disaster Today—One Body For Springfield, O.—Remains of Another Ohio Victim Located.

SALT LAKE, Utah, May 4.—Dispatches from Scofield say that the extreme estimate of the dead is now conceded to have been too large, and that it is numerically impossible to place the loss of life at 300, as there were not that many men in the mines. The probabilities are that 250 will be about the total number of dead. Relatives of the victims continue to arrive from all the surrounding towns.

The body of Tom Brogdon, of North Lawrence, O., was located in mine No. 1.

There are not enough coffins in the camp to bury the dead, and to add horror to the situation the bodies are rapidly decomposing, and it has been suggested that cremation may have to be resorted to.

There are 50 bodies for which no provision for burial has been made.

A joint committee of Odd Fellows and Knights of Pythias spent the day among the dead, identifying members of their order. They found about 20 of each order among the dead.

The school children of this city have gathered a carload of flowers, which will be sent to Scofield, Superintendent Welby having placed a special car at their disposal for that purpose.

Subscriptions for the relief of the sufferers are coming in from all over the state, and the total now amounts to \$23,000.

The special committee appointed by Mayor Thompson to receive subscriptions to the relief fund met and organized by electing the following officers:

President, J. E. Dooley; treasurer, A. L. Thomas; secretary, William Iglehart. While the committee was in session A. L. Thomas read a dispatch from Hon. Henry Phillips, of Pittsburg, in which he expressed deep sorrow for the terrible disaster and requested that his name be put down for \$100.

John Kirton, one of the men brought out of the mine alive, has died. The body of Foreman Parmelee was found among the dead, his body being terribly mangled.

A funeral train with bodies of dead was scheduled to leave Scofield today, stopping at Spanish Fork, Provo, American Fork, Salt Lake, Ogden and Coal Valley and one body will go through to Springfield, O.

FRANCE'S MESSAGE OF SYMPATHY.

Loubet Had the Ambassador Condole With Us Over the Terrible Utah Mine Disaster.

WASHINGTON, May 4.—The French ambassador called on President McKinley and Secretary Hay and conveyed the condolence of the president of the French republic to the president of the United States over the mine disaster at Salt Lake City. He handed the secretary the following personal letter on the subject:

"EMBASSY OF THE FRENCH REPUBLIC IN THE UNITED STATES.
"WASHINGTON, May 3, 1900.

"Mr. Secretary of State:

"The president of the French republic has just heard of the terrible catastrophe which has taken place at Salt Lake City. He has instructed me to be his interpreter near the president of the United States of America, and to assure him of the sympathy which he feels on account of this sad event.

"In transmitting to me the expression of the sentiments of President Loubet, M. Delcasse, minister of foreign affairs, likewise instructs me to convey to the American government the expression of the profound sympathy of the government of the republic.

"Be pleased to accept, Mr. Secretary of State, the assurances of my high consideration.
JULES CAMBON."

PRESIDENT'S SYMPATHY MESSAGE.

Expressed Sorrow Over Terrible Mine Disaster in Utah.

WASHINGTON, May 4.—The president sent the following telegram to the governor of Utah:

"EXECUTIVE MANSION,
"WASHINGTON, May 3.

Governor Wells, Salt Lake City, Utah:

"I desire to express my intense sorrow upon learning of the terrible calamity which has occurred at Scofield, and my deep sympathy with the wives, children and friends of the unfortunate victims of the explosion.

"WILLIAM McKINLEY."

ATTACKED BY REBELS.

Americans Had a Desperate Fight in the Island of Panay—Four Killed and 16 Wounded.

MANILA, May 4.—A dispatch received from Manila reported a desperate fight took place at Leambanao, in the center of the island of Panay. It appears that a reconnoitering party of the Twenty-sixth infantry was surrounded, and that four of the Americans were killed and that 16 others, severely wounded were left on the field. The remainder of the soldiers had a narrow escape.

The dispatch adds that reinforcements were sent from Iloilo as soon as news of the affair was received, whereupon the Filipinos retreated to their mountain stronghold.

OFFICERS COURT-MARTIALED.

Records Received in Washington—Judge Advocate to Decide Extent of Otis' Power to Dismiss.

WASHINGTON, May 4.—The war department has received from General Otis at Manila the records of the proceedings of courts-martial in the cases of five commissioned officers. The chief of these cases is that of Major George W. Kirkham, Forty-ninth volunteer infantry (captain Twenty-third infantry), who was dismissed from the service by order of General Otis on conviction by court-martial of conduct unbecoming an officer and a gentleman in having misbehaved in appearing in the streets of Manila in a drunken condition.

The other cases received are those of First Lieutenant Robert C. Gregg, Forty-ninth volunteer infantry; First Lieutenant Clayton J. Bailey, Twenty-seventh infantry; First Lieutenant John J. Foley, Thirtieth volunteer infantry, and First Lieutenant Harold Hammond, Ninth infantry. These officers were tried on various charges. Lieutenants Gregg and Bailey were convicted and sentenced to dismissal, and Lieutenants Foley and Hammond were acquitted. The sentence in each case was approved by General Otis, and were disposed of without submission to the authorities at Washington.

At the instance of the secretary of war, Judge Advocate General Lieber will make a special report in a case which involves the right of General Otis to dismiss officers without reference to the president as commander-in-chief of the army. It is admitted that such power is conferred on generals commanding armies in the field in time of war, but it is contended that no such condition existed in the case of Major Kirkham at the time of the offenses alleged to have been committed. The principle also applies to the Gregg and Bailey cases.

More Officers Court-martialed.

WASHINGTON, May 4.—Three more court-martial cases have been reported to the war department by General Otis. These are: First Lieutenant E. B. Johnston, Forty-ninth infantry, convicted of drunkenness and sentenced to dismissal; First Lieutenant T. R. J. Campbell, Forty-seventh infantry, convicted of violating the articles of war and sentenced to a reprimand and the forfeiture of \$30 of his pay; First Lieutenant P. H. Devine, Forty-seventh infantry, tried for violating the regulations and acquitted.

CHECKS BRANDY DRINKING.

French Minister of War Forbids It In the Army.

PARIS, May 4.—A very important decision was promulgated by the minister of war, General The Marquis de Gallifet, and one which is particularly noteworthy in a country like France, where the consumption of brandy and so-called "aperitifs," such as absinthe and vermouth, is so prevalent.

For some time the leading medical men have been strongly condemning the practice, declaring that the chief brandy and alcoholic concoctions sold as "aperitifs" are rapidly filling the lunatic asylums of the country.

Recently a number of military chiefs prohibited the sale of such drinks in the barracks and camps under their command. General de Gallifet now comes out with a decree making this prohibition general throughout the French army. Wine, beer and cider are still allowed as innocuous beverages.

ENGLAND ASKED TO EXPLAIN.

Alleged American Vessel Was Boarded Wrongfully by Warship.

LONDON, May 4.—United States Ambassador Choate asked Lord Salisbury for explanations as to the alleged abuse of international right in the case of the American ship Sea Witch, which, according to the statement of her commander, Captain Howe, was boarded by the British warship Wasp within the three-mile limit of Portuguese territory in East Africa.

M. E. BISHOP ANTI-BOER

Hartzell Plead Cause of English, at Cincinnati.

ADDRESS OF THE BISHOPS READ.

General Conference Heard the Quadrennial Document of the Head Officials of the Church Strong Against Divorces and Want Amusements Restricted.

CHICAGO, May 4.—Bishop J. O. Hartzell, of the Methodist Episcopal church, pleaded the cause of the Briton in the Transvaal before an audience that almost filled the Auditorium. He spoke from impressions gained by personal observation of conditions in South Africa, from personal acquaintance with President Kruger and his advisers, and from close study of laws and the administration of laws by the government. Bishop Hartzell made his argument in behalf of the English. The audience was markedly pro-Boer in its sympathies.

CHICAGO, May 4.—The interest of the delegates to the Methodist general conference was centered in the reading of the bishops' quadrennial address by Bishop E. G. Andrews. The address, which was prepared at a recent meeting of the board of bishops in Indianapolis, was called for by Dr. Frank M. Bristol. Bishop Andrews was given close attention, and when the spectators gathered from the report that while the country had increased fourteen fold during the past 100 years, the Methodist Episcopal church had developed ninety seven fold, they applauded enthusiastically. The bishops' address stated that the church will not abandon its position on the liquor question. On the contrary, "aroused and indignant at the aggression of the liquor power, at the inexcusable miscarriage of the anti-canteen law, and at the new perils in which the nation is involving its new possessions, it will summon and pledge all our ministers and people to a more determined struggle against this enormous evil."

As to marriage and divorce, the address continued:

"In the presence of this evil, the church can not allow its rules on the subject of divorce and remarriage to be in any case inoperative and void. Let, if need be, the church law be amended to more perfectly express the New Testament rule of marriage. But by the voice of its public assemblies, by its pulpits and by the judicious exercise of discipline, the church should keep itself pure, and aid the civil law and the practices of society to become pure."

"Closely associated with these evils is the popular passion for unwholesome, coarse and debauching amusements. Whoever watches the daily degradation in the theater, concert and dance hall, and on the race course. And the tendency to great excess also in other comparatively innocent forms of amusement can not escape attention. The seriousness of life seems largely forgotten, its opportunities of usefulness unoccupied, the vigilance necessary for righteousness relaxed and the love of the passing world gaining in masterfulness."

"It is not to be wondered at that every earnest age has tended to reprobate all amusements as incompatible with the Christian life. Experience has shown that it is impossible to impose on youthful and immature Christians a law which many a saintly soul, of thoughtful choice, imposes on itself. The attempt to enforce absolute abstinence from recreative amusements reacts toward unrestrained indulgence. A discrimination between the admissible and the inadmissible is, therefore, imperative. So great is the danger to spiritual life that we suggest that it would be profitable to place among the special advice of the discipline a brief but cogent statement of the perils which attach to many amusements, of the evils inseparable from others, and of the principles by which the Christian should regulate his choice among and his use of them."

The address recommends either the abolition of the time limit on pastorates, or a return to the three-year limit rule.

A. M. E. ZION CONFERENCE.

General Meeting of the Colored Church Convened in Washington.

WASHINGTON, May 4.—The general conference of the A. M. E. Zion church is in session here, Bishop Lomax, of Charlotte, N. C., presiding. The opening sermon was delivered by Bishop Hood, of Fairville, N. C.

There are 300 delegates at the conference, representing every state in the Union, Africa, Bermuda and St. Christopher islands. Bishop Small, the representative of the church in Porto Rico, Cuba and the Hawaiian islands, also is present. The most important legislation to come before the body is the election of bishops and the consideration of a proposed change in the organic law of the church. The conference represents a membership of over 500,000. A letter from President McKinley was read, in which he regretted his inability to be present at the opening exercises, and expressed the hope that he might be able to attend some future session.

Priests Enroute to Rome.

NEW YORK, May 4.—The Right Rev. J. A. Forest, bishop of San Antonio,

and five Texas priests; Very Rev. Joseph Lefebvre, provincial visitor of the oblate missionaries, Lowell, Mass.; Mons. Ferano, Johnstown, Pa., and about 12 other priests, sailed on the steamship La Bretagne, enroute to Rome. They are making the "holy year" pilgrimage and to attend the canonizing exercises of Jean Baptiste de La Salle, founder of the Order of Christian brothers.

THOUSANDS HEARD BRYAN.

Spoke to Meetings and Held Receptions in Toledo—Predicted Democratic Success This Year.

TOLEDO, May 4.—William J. Bryan was received here by a large delegation of citizens, headed by bands of music and a special committee, composed of representative Democrats from all over Northern Ohio. The meeting had been especially designed for Northern Ohio and Southern Michigan, and there were thousands of outsiders in the city.

Mr. Bryan was escorted to the hotel, where an informal reception was held in the rotunda, and he shook hands steadily for over two hours, after which he spoke briefly.

During the latter portion of the day another informal reception was held in the parlors of the hotel, which was attended by a great many ladies.

Mr. Bryan spoke last evening at considerable length at the armory, after which he was escorted to Memorial hall, where he was tendered a reception by the Modern Woodmen of America, of which he is a member, and spoke perhaps five or ten minutes. From Memorial hall he was escorted to Ecks' hall, where elaborate preparations had been made to receive this distinguished member of that fraternity. It is estimated that fully 25,000 people heard Mr. Bryan at the various points where he spoke in this city.

"The Democratic party is sure to win," Mr. Bryan said in an interview. "The people are with us this year, and they are in sympathy with the principles which shall be embodied in the Kansas City platform, and which represent the feelings of the great mass of American people."

"I think that Ohio is much more likely to go Democratic this year than is Nebraska ever likely to go Republican again."

FOR GOVERNMENT ARMOR PLANT.

Senate Naval Bill Authorizes It if Armor Is Over \$300 a Ton.

WASHINGTON, May 4.—The senate committee on naval affairs reported the naval appropriation bill. The bill as reported carries \$63,128,616, an increase over the house bill of \$2,241,000. The principal increases are:

The provisions relating to armor appropriate the \$4,000,000 carried in the house bill for the purchase of armor, directs the secretary of the navy to pay not exceeding \$545 per ton for armor for the Maine, Ohio and Missouri and to contract for other vessels at \$445 per ton, and, if it cannot be purchased at that price, he is to acquire a site and erect an armor plate plant to cost not more than \$4,000,000, of which sum \$2,000,000 is made immediately available. Another proviso is that no contracts for armor for vessels provided in the present act shall be made at a price higher than \$300 a ton.

AN OVATION TO GROW.

His Speech of 48 Years Ago Recalled. Free Home Bill Passed.

WASHINGTON, May 4.—The house, without division, passed the "free home" bill, which has been pending before congress for a number of years. A remarkable thing in connection with the passage of the bill was a speech in its favor by Galusha A. Grow, of Pennsylvania, the venerable ex-speaker of the house, who, 48 years ago, fathered and had passed the original homestead bill.

Mr. Grow was given an ovation. By unanimous consent, it was ordered that his original homestead speech be printed in The Record.

He was then the youngest and is now the oldest member of the house. The remainder of the day was devoted to the sundry civil appropriation bill, the last but one of the great supply bills.

Private Pension Bills Passed.

WASHINGTON, May 4.—A number of private pension bills were passed in the senate, including those to pension Mrs. Julia MacV. Henry, widow of the late General Guy V. Henry; General James Longstreet; Mrs. Margaret M. Badger, widow of the late Commodore Badger, and Mrs. Harriet Gridley, widow of the late Captain Gridley, of the navy.

Valuable Vases Seized.

NEW YORK, May 4.—Two Chinese vases, worth \$40,000, were seized by the customs officers on the French line pier for alleged evasion of the customs law. The vases were the property of M. De Malherbe, a Parisian dealer, who imported them from China via Vancouver and Quebec.

BRICKLAYERS' SETTLEMENT

President Larcombe Doesn't Expect the Strike to Last Much Longer.

ARE PREPARING A NEW SCALE

At a Meeting of the Union This Afternoon For Presentation to Contractors.

STRIKERS WATCHING TRAINS.

It is probable the bricklayers' strike will be settled within the next 10 days. In fact a meeting of the bricklayers with that end in view was held this afternoon in their rooms in the Citizens' National bank building. This meeting was called by James Larcombe, president of the local union, and was for the purpose of discussing the idea of presenting a new scale to the contractors. So far both sides have remained firm, and no conferences on either side have been asked. Mr. Larcombe was seen at noon today and said he did not think the strike would last much longer.

Since the strike was started all the trains have been closely watched by a committee representing the union. With this committee is President Larcombe, and it is their intention to talk to any bricklayers who come here to work from other towns. A member of the committee said today that they had only seen one person who came to get work since the strike was begun and he is now working on the big sewer in Chester.

The men, should they draft a new scale this afternoon, will ask for a conference with the contractors at once. Today several bricklayers left the city for Steubenville, where they have secured employment.

BLACKBURN HEIRS.

Letter Received From a London Company Regarding the Researches Being Made.

Dr. Edward F. Larkins this week received a letter from the Real Estate Realization company, of London, England, relative to the Blackburn estate. The letter states that the company has made a preliminary investigation as to the claims of the heirs and found that one or more estates are in the court of chancery awaiting the action of the Blackburn heirs. These estates date back to 1785. The letter further states that the company has received several inquiries from Herbert Blackburn, of Cleveland, about the estate and the correspondence of Dr. Larkins to Charles Fisk Beech has also been turned over to them.

LOVERS OF SONG.

Lovers of Vocal Music Will Have a Treat Next Sunday.

Sweet singers of the city will make rich music at the First M. E. church on Sunday afternoon, May 6, at 3:30, on the occasion of the grand temperance union rally, when Evangelist Duncan MacGregor will deliver his matchless address, which has won him warm commendation all over the

land. You will do well to be on hand at an early hour, as the indications are that the church will be packed. The singers of our various churches have, we understand, freely offered their services for this grand rally, and the song service will be a very pleasing feature.

PETTY LARCENY.

JUSTICE M'CARRON HAD A CASE YESTERDAY.

Two Women Got Into a Dispute and the Case Found Its Way to the Justice Court.

A case which might have brought out considerable sensational evidence was settled in Justice McCarron's court yesterday. The particular charge made was that of petit larceny, and was brought by one woman against another. Both are well known and have connections in excellent standing. It seems that the defendant in the case lived for a time at the home of the plaintiff, but they quarreled and she left taking a refrigerator in lieu of wages she claimed were due for services rendered. When the defendant appeared she made this claim and also stated that the plaintiff had kept a silver teapot and set of knives and forks belonging to her. Squire McCarron found it a difficult matter to keep the women from relating stories having no connection with the case.

One man when telephoned that his testimony would be used in the case said that he would not appear if subpoenaed, and that he was willing to pay all costs to have the case settled. The parties compromised by each agreeing to return to the other what they had taken, and the suit was withdrawn.

COT ANOTHER.

The Untiring Vindicator Picks Out One More Candidate Against R. W. Tayler.

The Youngstown Vindicator says: The many friends of ex-Mayor Walter L. Campbell are talking of him in connection with the Democratic congressional nomination and should conditions justify it at the time of holding the congressional convention his name will undoubtedly be presented to that body.

Song Service.

Miss Pearl Sebring will render an appropriate solo at the union temperance meeting to be held in the First M. E. church on Sunday afternoon.

AN ACCIDENT.

Harry Beatty Fell on a Milk Bottle Yesterday and Seriously Cut His Hand.

Harry Beatty, a boy whose home is in California Hollow, met with a painful accident yesterday. He was going down Sixth street carrying a bottle of milk when he fell, breaking the bottle under his hand. The first and second fingers were split and several arteries severed. Chloroform was given the boy while the wound was being dressed.

New Coal Mines.

Lisbon, May 4.—(Special).—Hard & Prosser, who operated coal mines near Lisbon for several years, have leased several hundred acres of coal land near Guilford, in Hanover township, and will open up mines there this summer. They will build a switch three miles long from the Niles and Lisbon branch of the Erie road.

MINNIE CARROLL HAS DEPARTED

She Will Spend the Next Thirty Days at the Canton Work-House.

TWO ARRESTS MADE YESTERDAY

John Jones Was Given Just One Hour to Get Out of the City or Take the Consequences.

ONLY ONE MAN CASHED IN.

Minnie Carroll has gone to the workhouse and she won't be back for over 30 days. Chief Thompson took her in charge this morning and they left on the morning train. Minnie has a fine and costs of \$9.60 to work out. She made numerous visits to see Mayor Bough and there is now about three charges against her at city hall that the ex-mayor left unsettled.

William Hogarty, who was arrested Wednesday, managed to raise the \$5.60 necessary to get him out of jail and was released yesterday afternoon.

George William Swancey didn't get security for his fine and is still in jail waiting for some kind friend to put in an appearance and go security for him.

John Jones was a capture of Officer Gill yesterday afternoon. When the officer found Jones he was drunk and was talking to the trees and making funny remarks. Jones didn't have anything on his person and the mayor instructed the marshal to turn him loose and give him just one hour to get out of the city. When last seen he was going past the West End ball ground at a rapid rate.

James Higgins filled up on bad whisky yesterday and wandered down to the lower end of Washington street. Here he was found by Officer Mahony and taken to the city jail. He made arrangements to secure his fine and was released this morning.

ELECTED OFFICERS.

Epworth League of the First Methodist Church Held Interesting Meeting Last Evening.

At a meeting of the Epworth League Society of the First Methodist church last evening the following officers were elected to serve for the coming year: President, C. L. Gray; first vice president, Mrs. O'Brien; second vice president, Ara Hawkins; third vice president, Sue Esterley; fourth vice president, Joseph Marple; secretary, Miss Pearl Shives; treasurer, Joseph Kenney.

The delegates to the district Epworth League convention which will be held at Smithfield June 6 are Dr. Clark Crawford and George Pickering; alternate, Mrs. Lou V. Henderson.

A PETITION.

Teamsters to Ask Railroad Company to Place Watchman at the Walnut Street Crossing.

The teamsters who frequent the freight station are about to present a petition to the railroad company asking that a watchman be placed at the Walnut street crossing. The teamsters claim this is the most dangerous crossing about the city, as it

is impossible to see a train coming either from the east or west. The teamsters also assert that while no serious accidents have occurred at this crossing there have been many narrow escapes.

ON THE CROSS.

The Lessons Taught By and Through the Crucifixion of the Savior.

The crucifixion of Jesus and the lessons taught thereby was the theme of Evangelist MacGregor at Y. M. C. A. hall last night, in the presence of deeply interested auditors. The instantaneous conversion of the thief, while hanging upon the cross by the side of the Savior of the world was commented upon, the Son of God answering at once the earnest heart cry of the poor sinner, whose whole soul was filled with infinite joy by the words of the Master: "This day shalt thou be with Me in paradise." The lesson of forgiveness of our enemies was also eloquently taught in the words: "Father forgive them; they know not what they do." Good was surely accomplished at the meeting last night. You will be very welcome tonight.

Miss Emma Maple rendered, as a solo, a selection speaking of the Christian obtaining higher ground or spiritual life, even while upon this earth. The singing and sentiment met with hearty responses in the shape of *amens* and *hallelujahs*.

The meeting to be held in the First M. E. church on Sunday afternoon, at 3:30, promises to be a great success. It will be a union service, and the sweet singers of the various churches will participate.

Don't fail to hear Rev. Duncan MacGregor on the subject of temperance. You will be delighted.

A GREAT RALLY.

The Union Temperance Meeting at the First M. E. Church Sunday Afternoon.

The grand union temperance rally at the First M. E. church at 3:30 Sunday afternoon will be a great occasion for all who are or ought to be interested in temperance work. The brilliant and sweeping lecture by Evangelist MacGregor, "The Mountain of Fire in American Civilization," will be interesting, instructive, eloquent and earnest. Rev. Dr. Clark Crawford will preside and the pastors and choirs of the different churches will unite. The W. C. T. U. will attend in a body. A fine musical program will be arranged. The entire program of services will be presented to the public through the public press tomorrow.

Early Next Week.

F. B. Neal, who is negotiating for the purchase of the Metsch flour mill, expects to close the deal early next week. Mr. Neal said today he was waiting on the railroad company, and as soon as he knows about the new siding the deal will be closed.

Teachers' Association.

The meeting of the Northern Ohio Teachers' association will be held in Youngstown, May 26. The program will include addresses, X-ray experiments, citizens' hour and music.

Will Play Ball.

The Hill Tops and California Hobbies, two juvenile base ball teams of the city, will cross bats on Diedrick's hill tomorrow afternoon.

Marriage License.

C. D. Hiland, of Colebrook, and Bertha Benton, East Liverpool.

THREE OF FERRISH FAMILY KILLED

Telegram Announcing the Sad News Received by Mrs. James Welch Last Night.

TWO BROTHERS AND A SON

Met Death in the Scofield, Utah, Mine Disaster but Robert Ferrish Is Safe.

WERE ALL WELL KNOWN HERE.

Mrs. James Welch, of East Market street, last evening received a telegram from Scofield, Utah, announcing the death of two of her brothers and a nephew.

This is the first reliable news received here since the terrible disaster and it has caused sorrow in several homes.

On Wednesday evening Mrs. Welch sent a telegram asking for information about the safety of the Ferrish boys and the message received last evening was the answer. Those who were killed were Thomas and Robert Ferrish and also a son of Thomas, Isaac Ferrish and his family are now at Scofield, although when the accident occurred they were at their home about 50 miles distant from Scofield.

Mrs. Welch was seen at her home this morning, but said very little about the news she had received. Her brothers are married, and it is not thought the remains will be brought here, but they will be interred at Scofield, where the boys have lived for the past seven years.

Mr. and Mrs. Robert Ferrish, of Bradshaw avenue, are the parents of the brothers. Three married sisters live here—Mrs. Welch, Mrs. Henry L. Morgan, of Third street, and Mrs. Albert Obney, of the Northside. Four brothers, John, James, Will and Ed. Ferrish, live at home.

Robert Starkey, yardmaster of the Cleveland & Pittsburg railroad at this city, said this morning that Robert Ferrish was employed at the local freight depot before he went west.

NO SELECTION.

Carnegie Library Commission Discarded Some of the Plans They Didn't Think Suitable.

Nothing definite was done at the meeting of the library commission last night. The number of plans from which the selection will be made was reduced, the members all agreeing that the sketches which were discarded were not available. Another meeting will be held tonight and the committee will continue to meet every evening until they finish their work.

Postponed for a Week.

The case of Lena Logan against Mrs. Martha Studenroth to recover \$55 alleged to have been stolen from her while she was a guest at the National Hotel, that was to be heard in the court of Justice Daniel McLane this afternoon, has been deferred until May 11.

Those New Cells.

The new cells at city hall are being completed this week and will soon be ready for occupancy.

A PETITION.

Teamsters to Ask Railroad Company to Place Watchman at the Walnut Street Crossing.

The teamsters who frequent the freight station are about to present a petition to the railroad company asking that a watchman be placed at the Walnut street crossing. The teamsters claim this is the most dangerous crossing about the city, as it

is impossible to see a train coming either from the east or west. The teamsters also assert that while no serious accidents have occurred at this crossing there have been many narrow escapes.

ON THE CROSS.

The Lessons Taught By and Through the Crucifixion of the Savior.

The crucifixion of Jesus and the lessons taught thereby was the theme of Evangelist MacGregor at Y. M. C. A. hall last night, in the presence of deeply interested auditors. The instantaneous conversion of the thief, while hanging upon the cross by the side of the Savior of the world was commented upon, the Son of God answering at once the earnest heart cry of the poor sinner, whose whole soul was filled with infinite joy by the words of the Master: "This day shalt thou be with Me in paradise." The lesson of forgiveness of our enemies was also eloquently taught in the words: "Father forgive them; they know not what they do." Good was surely accomplished at the meeting last night. You will be very welcome tonight.

Miss Emma Maple rendered, as a solo, a selection speaking of the Christian obtaining higher ground or spiritual life, even while upon this earth. The singing and sentiment met with hearty responses in the shape of amens and hallelujahs.

The meeting to be held in the First M. E. church on Sunday afternoon, at 3:30, promises to be a great success. It will be a union service, and the sweet singers of the various churches will participate.

Don't fail to hear Rev. Duncan MacGregor on the subject of temperance. You will be delighted.

A GREAT RALLY.

The Union Temperance Meeting at the First M. E. Church Sunday Afternoon.

The grand union temperance rally at the First M. E. church at 3:30 Sunday afternoon will be a great occasion for all who are or ought to be interested in temperance work. The brilliant and sweeping lecture by Evangelist MacGregor, "The Mountain of Fire in American Civilization," will be interesting, instructive, eloquent and earnest. Rev. Dr. Clark Crawford will preside and the pastors and choirs of the different churches will unite. The W. C. T. U. will attend in a body. A fine musical program will be arranged. The entire program of services will be presented to the public through the public press tomorrow.

Early Next Week.

F. B. Neal, who is negotiating for the purchase of the Metsch flour mill, expects to close the deal early next week. Mr. Neal said today he was waiting on the railroad company, and as soon as he knows about the new siding the deal will be closed.

Teachers' Association.

The meeting of the Northern Ohio Teachers' association will be held in Youngstown, May 26. The program will include addresses, X-ray experiments, citizens' hour and music.

Will Play Ball.

The Hill Tops and California Hollows, two juvenile base ball teams of the city, will cross bats on Diedrick's hill tomorrow afternoon.

THREE OF FERRISH FAMILY KILLED

Telegram Announcing the Sad News Received by Mrs. James Welch Last Night.

TWO BROTHERS AND A SON

Met Death in the Scofield, Utah, Mine Disaster but Robert Ferrish Is Safe.

WERE ALL WELL KNOWN HERE.

Mrs. James Welch, of East Market street, last evening received a telegram from Scofield, Utah, announcing the death of two of her brothers and a nephew.

This is the first reliable news received here since the terrible disaster and it has caused sorrow in several homes.

On Wednesday evening Mrs. Welch sent a telegram asking for information about the safety of the Ferrish boys and the message received last evening was the answer. Those who were killed were Thomas and Robert Ferrish and also a son of Thomas, Isaac Ferrish and his family are now at Scofield, although when the accident occurred they were at their home about 50 miles distant from Scofield.

Mrs. Welch was seen at her home this morning, but said very little about the news she had received. Her brothers are married, and it is not thought the remains will be brought here, but they will be interred at Scofield, where the boys have lived for the past seven years.

Mr. and Mrs. Robert Ferrish, of Bradshaw avenue, are the parents of the brothers. Three married sisters live here—Mrs. Welch, Mrs. Henry L. Morgan, of Third street, and Mrs. Albert Obney, of the Northside. Four brothers, John, James, Will and Ed. Ferrish, live at home.

Robert Starkey, yardmaster of the Cleveland & Pittsburg railroad at this city, said this morning that Robert Ferrish was employed at the local freight depot before he went west.

NO SELECTION.

Carnegie Library Commission Discarded Some of the Plans They Didn't Think Suitable.

Nothing definite was done at the meeting of the library commission last night. The number of plans from which the selection will be made was reduced, the members all agreeing that the sketches which were discarded were not available. Another meeting will be held tonight and the committee will continue to meet every evening until they finish their work.

Postponed for a Week.

The case of Lena Logan against Mrs. Martha Studenroth to recover \$55 alleged to have been stolen from her while she was a guest at the National Hotel, that was to be heard in the court of Justice Daniel McLane this afternoon, has been deferred until May 11.

Those New Cells.

The new cells at city hall are being completed this week and will soon be ready for occupancy.

EAST END.

The following officers have been elected by the Epworth League of the Second M. E. church: President, Porter C. Herbert; first vice president, Stella Finley; second vice president, Lottie Smith; third vice president, Mamie Randall; fourth vice president, Mamie Marsh; secretary, Abner Nice; treasurer, W. T. Smith. The officers will be installed one week from next Sunday evening. The above will hold a cabinet meeting Saturday evening for the purpose of naming committees for the next term. A lengthy program for the installation services is now being prepared.

An interesting missionary meeting was held yesterday afternoon at the Second M. E. church.

Dr. William M. Calhoun went to Lisbon yesterday morning, where he spent the day on business.

Frank B. Chambers, of Mulberry street, who has been very ill with grip for several days, is recovering rapidly.

A local talent entertainment will be given in the Methodist Episcopal church at Smith's Ferry early next week.

G. W. Johnson, of High street, is very ill with typhoid fever.

The tracks of the East Liverpool & Wellsville Street Railway company at the Thompson pottery were moved out toward the river yesterday, or a distance of five feet.

Section Foreman Dennis Hickey stated yesterday that 10 laborers were now at work along the road. Some of the old laborers have been taken back at the old wages and others have asked for their old positions. A full force will be at work on the road within a week.

The attendance at the missionary meeting at the Second Presbyterian church was large and the program was interesting. Mrs. E. D. Moore gave an interesting talk about the work of the Ecumenical conference held at New York recently.

There is a slight change in the condition of Mrs. Chambers, of High street, who dislocated her hip by falling against a stove.

John Chaney Hanley, of Pennsylvania avenue, will graduate from the Allegheny Theological seminary one week from next Wednesday night. There are 14 in the graduating class. Nearly all of the class have already received calls to different parts of the church or have been appointed to stations in the various mission fields. The baccalaureate sermon will be preached Sunday evening, May 13, in the Fourth United Presbyterian church, Allegheny, by Rev. John A. Wilson, D. D., professor of ecclesiastical history and church government. The closing address will be delivered by Rev. James A. Grier, D. D., president of the seminary and professor of theology.

Rev. J. Ross Greene left yesterday afternoon for Bellaire, where he will remain a few days on business.

Clement Lemon, of Mulberry street, who has been visiting friends in the southern part of the state for several days, has returned home. He is much improved in health.

A number of persons from the city were in the suburb yesterday afternoon looking for vacant houses, but it was the old story they heard, that all the houses here are occupied.

Much filling in on Walnut alley in the vicinity of the fire station has been done during the past few weeks. The roadbed has now been brought up to a level with Virginia avenue.

Declared War.

Mayor Dennis, of Wellsville, has declared war on the street corner loafers, and a few evenings since seven of them were arrested.

The Columbiana County Telephone company have commenced the construction of their line in Hancock county. The company are setting in an average of 26 poles a day, and if possible they intend to have a portion of the line in operation by June 1. All the right of way has been secured.

The Pennsylvania company are erecting a 144-foot passenger platform near the bridge. Passenger trains will be run over the Panhandle into Chester in a short time.

Rev. Gillis will conduct the services at the U. P. church on Sunday afternoon. He has occupied the pulpit here a number of times in the past, but will have charge of the work regularly in the future.

The church at Hookstown will be ready for dedication in about six weeks. In connection with the dedication will be held the district quarterly meeting.

Miss Bertha Fowler is on the sick list.

Several Hookstown teamsters who were considerably under the influence of liquor engaged in a rough and tumble fight yesterday afternoon while passing through Chester.

Prayer meeting was not held at the Free Methodist church last evening on account of the repairs now being made on the building.

John Cunningham has gone to the country to assist his father to put in the season's crops.

Hooker Allison has sold a tract of 70 acres to R. F. Allison. The farm is about a mile from Chester.

Business at the postoffice has increased greatly in the past few months and application will probably soon be made for service twice a day instead of once.

Services at the Free Methodist church Sunday evening will be preceded by a Bible reading. Miss Crill will conduct the services.

The council room of the Chester Junior Order has been repapered and otherwise greatly improved.

The state board of equalization has arranged a schedule of meetings to be held by them at different points in the state to give hearings to citizens on the subject of assessments. The meeting for Hancock, Brooke, Ohio, Marshall and Wetzell will be held at Wheeling May 8 and 9.

MORE INSANE.

Twenty-Four More Cases From This County Added to the List.

A statement is going the rounds of the county press to the effect that Columbiana county has 139 patients in the Massillon asylum for the insane and nine in the Toledo asylum, making a total of the county's insane in public institutions of 148. This, says the Buckeye State, does not tell the entire unfortunate story. In addition to the 148 enumerated there are six in the asylum at Dayton and 18 confined at the infirmary—a grand total of 172. Estimating the population of the county at 70,000 this represents about two and one-half to each thousand of the inhabitants of the county.

What is the Difference?

Yesterday afternoon two individuals accosted a man on the street with the remark that he was a gentleman of some education and refinement and they desired to know the difference between a mile square and a square mile. They stated that \$10 was wagered on the matter. The gentleman didn't answer the question and the men passed on to some one else.

Youngstown Paper's Humorous Comment on Scarcity of Labor In This City.

Youngstown Telegram.

Down in East Liverpool, where nearly every man, woman and child is a Republican, there threatens to be an upheaval in favor of Bryan at the coming election. Usually communities favor good times, a superabundance of work for laborers and business for employers, but it seems that too much "superabundance" is quite possible. In fact that is the condition just now in the Columbiana city. The employers in that city want men in their works, and this may turn their attention to the fact that one sure way to get them is to trade off the Republican policy of prosperity for the Democratic policy of idleness and starvation. Here lies the danger to McKinley's prospects in one city where he has always had a cinch, and this danger may be infectious and thereby destroy his chances for re-election. McKinley prosperity may overreach itself, and destroy its author.

The Democrats certainly have a good point here with which to help along their campaign. "Too much prosperity" is a strong slogan to sound before the people, and upon that cry much may be gained for Bryan.

SALEM ELKS

Dedicated Their Handsome New Hall Yesterday Afternoon—Local Elks Present.

Salem, May 4.—(Special.)—Salem lodge No. 305, B. P. O. Elks, yesterday afternoon dedicated its new hall and quarters in Elks building on East Main street. The lodge occupies the entire second and third floors. On the second are the billiard and smoking rooms, ladies' parlor, dining room and kitchen. The third floor is used as a meeting room. The quarters are among the finest of any used by Elks in eastern Ohio.

Deputy Grand Exalted Ruler Byron F. Ritchie, of Toledo, was to have conducted the dedicatory services, but in his absence designated C. A. Betzler, of Cleveland No. 18, to officiate in his stead. The exercises were held at 3 p. m. In the evening a ball and reception was given.

Salem lodge is less than five years old and now has 225 members.

Among the members of East Liverpool lodge No. 258 present were: Ex-Mayor J. A. Martin, of Lisbon; S. T. Herbert, Exalted Ruler A. V. Gilbert and John Powell.

Quite a number were present from Pittsburg, Allegheny, Beaver Falls, Canton, Youngstown, Alliance, Cleveland lodges.

Chasing Chicken Thieves.

Ben, the blood hound owned by Fireman Thomas Bryan, which has been on the John Smith farm near Fredericktown for the past two months, came into the city yesterday afternoon, after chasing chicken thieves for two weeks. Mr. Smith loaned the dog to Joseph Sheer, who lives near Salem church. Quite a number of chickens have been stolen from Mr. Sheer, and the dog was put on the trail. That was two weeks ago. No one had seen the dog since it left the farm, and the boys are of the opinion the dog traced the thieves to this place.

WILL SEND THEM TO WORKHOUSE

Mayor Davidson Don't Propose to
Let the Bums Loaf Around the
City and Annoy People.

HE STATES HIS POSITION

In a Decisive Manner and Says
the Bums That Face Him Will
Goto the Works.

DETERMINED TO STOP PRACTICE

Mayor W. C. Davidson is not going
to fool with the loafers in this city
and they will all go to work if they
face him and have no cash with
which to pay their fines.

He believes like all good citizens
that the bums have become a con-
firmed nuisance in the city and he is
determined that the practice of beg-
ging shall be stopped. He stated this
morning that he proposed to send
such people to the Canton work
house as fast as they came before
him, and would give them such a
salty dose that they would have no
desire to go back there again, but
would straighten up when they re-
turned home. He also thinks a trip
to the works will give some of them
a chance to get some of the whisky
out of their systems. It will be re-
membered the mayor started this pol-
icy by sending Freddy Bloor and
James Penny over the road.

His honor thinks the city should
have a stone pile to make the people
work, but is not in favor of doing
away with the Canton workhouse con-
tract, as some of the men arrested
might refuse to work if they were put
on the streets here. He says that
when citizens of this class appear
before him they shout guilty before
he even reads the charge to them,
and then tell him they haven't any
money.

Another rule that the mayor wishes
the people to distinctly understand
is that he positively will not have
anything to do with children's quar-
rels, as he don't consider the mayor's
office a "baby farm." He says people
enter complaint against children that
are too young to be accountable for
what they do and he is expected to
take some action in the cases. He
wont have this kind of business and
wont take any family quarrels, as

WILL SEND THEM TO WORKHOUSE

Mayor Davidson Don't Propose to
Let the Bums Loaf Around the
City and Annoy People.

HE STATES HIS POSITION

In a Decisive Manner and Says
the Bums That Face Him Will
Goto the Works.

DETERMINED TO STOP PRACTICE

Mayor W. C. Davidson is not going
to fool with the loafers in this city
and they will all go to work if they
face him and have no cash with
which to pay their fines.

He believes like all good citizens
that the bums have become a con-
firmed nuisance in the city and he is
determined that the practice of beg-
ging shall be stopped. He stated this
morning that he proposed to send
such people to the Canton work
house as fast as they came before
him, and would give them such a
salty dose that they would have no
desire to go back there again, but
would straighten up when they re-
turned home. He also thinks a trip
to the works will give some of them
a chance to get some of the whisky
out of their systems. It will be re-
membered the mayor started this pol-
icy by sending Freddy Bloor and
James Penny over the road.

His honor thinks the city should
have a stone pile to make the people
work, but is not in favor of doing
away with the Canton workhouse con-
tract, as some of the men arrested
might refuse to work if they were put
on the streets here. He says that
when citizens of this class appear
before him they shout guilty before
he even reads the charge to them,
and then tell him they haven't any
money.

Another rule that the mayor wishes
the people to distinctly understand
is that he positively will not have
anything to do with children's quar-
rels, as he don't consider the mayor's
office a "baby farm." He says people
enter complaint against children that
are too young to be accountable for
what they do and he is expected to
take some action in the cases. He
wont have this kind of business and
wont take any family quarrels, as

BE COURTEOUS.

Courtesy on your part don't cost you very much, and it is a mighty good investment. Remember that a "soft answer turneth away wrath."

THE SHORT SKIRT.

Sensible women, young and old, fall in love with the short skirt and its use upon the street. Men admire the good sense of the wearer. It is conducive of health and is a very decided feature in favor of neatness and cleanliness. It saves the fatigue consequent upon holding up a mass of useless material. It is not made use of as a sidewalk and street cleaner. Its use is an evidence that the user possesses a fair share of gray matter.

RIVER IMPROVEMENT.

The improvement of the Ohio river has been taken good care of in the sundry civil appropriation bill just reported in congress. A little less than \$600,000 has been set apart for the five dams south of Davis Island dam, and \$135,000 for the improvement of the Monongahela river. Other sums are given to the middle Ohio, and these with the appropriations for the work already done, will make the Ohio a highway of trade of which any country may be proud. The construction of a dam at Walker is only a question of time. Congress is now so far committed to the full improvement of the Ohio, and has spent so much money on it that it must complete the work thoroughly.

BE COURTEOUS.

Courtesy on your part don't cost you very much, and it is a mighty good investment. Remember that a "soft answer turneth away wrath."

THE SHORT SKIRT.

Sensible women, young and old, fall in love with the short skirt and its use upon the street. Men admire the good sense of the wearer. It is conducive of health and is a very decided feature in favor of neatness and cleanliness. It saves the fatigue consequent upon holding up a mass of useless material. It is not made use of as a sidewalk and street cleaner. It's use is an evidence that the user possesses a fair share of gray matter.

JIGGERMEN UNDER THE OLD SCALE

What They Claim Will Be the Outcome of the Trouble at Trenton Potteries.

WHAT MANUFACTURERS SAY

Enforcement of Scale Lies With the National Brotherhood and Don't Care

WHETHER IT OR OLD SCALE GOES

Trenton, May 4.—(Special.)—The existing difficulty over the new wage scale is believed to have been settled. There will be no strike by the local potters.

A prominent jiggerman seen last evening said the new scale would not be put into effect and work would be continued on the old wage scale. He said that this announcement was made by a prominent manufacturer authorized to do so. Manufacturers, when seen this morning, asked what the manufacturers' next move would be, said the matter was entirely in the hands of the workmen, their representatives in the National Brotherhood had made the scale, the manufacturers had simply accepted it. The manufacturers would not urge acceptance of the scale, and whether the workmen worked under the new or old scale depended entirely with the men themselves.

NON-SUPPORT.

John Quinn Answered to the Charge in the Court of Justice McCarron.

John Quinn had a hearing before Squire McCarron this morning on a charge of non-support of minor children. The complaint was made by his wife, Hannah Quinn. They are the parents of five children, and this is not the first time Quinn has been brought up on this charge. Justice McCarron, by the consent of both parties, took a written agreement from the man by which he is to pay \$4 a week to contribute to their support. Squire McCarron has had several cases of this kind, and says he will show no leniency in case the agreements are broken.

Granted a Divorce.

Lisbon, May 4.—(Special.)—Anna Fehl, of Salem, has been granted a divorce from Louis Fehl, to whom she has been a faithful wife for 24 years. They were married in Salem on January 20, 1876, and are the parents of one daughter, now 23 years of age. She told the court that early in November of 1895, he struck and cruelly abused her, threatening at different times to kill her. After several weeks of this treatment he deserted her and has not since been heard from.

CONGRESSMAN TAYLER

Succeeds in Having Mail Service to and From Lisbon Doubled.

Lisbon people in the near future will be furnished with double mail service on the P., L. & W. railroad. Since mail service was established on this railroad there has been but two mails a day giving service to all stations along the line. In a short time a mail agent will be put on the morning train and the mails will be worked up on all trains instead of through pouches being made up there.

Congressman R. W. Tayler has been working for some time to have this change made. This is something which towns along the P., L. & W. line have been wanting for a long time.

Plunge into cold water, remove the fibrous membrane and place in a cool place to harden. To half a cupful of vinegar add one grated onion, one teaspoonful of salt and quarter of a teaspoonful of pepper. Pour the mixture over two cupfuls of brains. Cut in thin slices. Let stand about two hours and pour off the liquor. Wipe the slices dry and fry them a light brown in butter.

THE BOERS DISPUTE THE WAY.

Compelling the English to Proceed With
Caution—Forward Movement Believed

Restless In Natal.

LONDON, May 4.—General Broadwood's cavalry brigade has reached Isibotfontein, 25 miles north of Thaba N'Chu. General Ian Hamilton is bivouacking at Jacobsrust, 15 miles north of Thaba N'Chu. General Tucker's division is moving eastward from Karee Siding. The divisions of General French and General Rundle are in and near Thaba N'Chu. Thus Lord Roberts has 50,000 men operating clear of the railway along a front of 40 miles.

He is advancing slowly with some success. Yet at all points of concentration the Boers appear in force sufficient to compel the British to proceed with caution. Their wide front in a rugged country makes turning movements off hand difficult.

The Boers, Mr. Winston Churchill says, have enormous herds of cattle and flocks of sheep gathered in the southeast. These they are driving northward.

Observers at headquarters in Bloemfontein seem to think that the Boers are preparing to evacuate Brandfort and Ladybrand. The Boers still holding Thaba N'Chu district are estimated at 4,000. They have among their guns a 40-pounder. One correspondent, wiring from Bloemfontein Wednesday at 11:55 p. m., said the British hoped to cut off the whole command.

The correspondents at Kimberley have been forbidden to communicate for several days, the deduction being that a forward movement is under way there. The Boers in Natal are restless.

ROTTERDAM, May 4.—The Boer delegates were warmly greeted as they drove to the quay and boarded the steamer Maasdam, of the Holland-American line, bound for New York. Dr. Leyds, the diplomatic agent of the Transvaal, accompanied the party to Bonlogne-Sur-Mer.

The vessels in the river displayed the Transvaal, Orange Free State and Dutch flags, while numerous societies, with bands playing national airs, assembled on the quay, one association singing the national anthem, in which many of the public joined.

After Dr. Leyds and the Boer delegates had boarded the steamer Mr. Fischer addressed the crowd. He said in part:

"We are going to a country which fought for liberty with the same country with which we are fighting. We also hope to obtain this liberty. We have not fought for the support of faction in Holland, nor will we seek for them in America. We will only seek the people. On our return we hope to be able to say that in them also we found supporters of our cause."

SCARCITY OF COFFINS.

May Be Necessary to Cremate Utah Victims' Bodies.

DEAD LIKELY TO NUMBER 250.

A Funeral Train to Leave the Scene of the Disaster Today—One Body For Springfield, O.—Remains of Another Ohio Victim Located.

SALT LAKE, Utah, May 4.—Dispatches from Scofield say that the extreme estimate of the dead is now conceded to have been too large, and that it is numerically impossible to place the loss of life at 300, as there were not that many men in the mines. The probabilities are that 250 will be about the total number of dead. Relatives of the victims continue to arrive from all the surrounding towns.

The body of Tom Brogdon, of North Lawrence, O., was located in mine No. 1.

There are not enough coffins in the camp to bury the dead, and to add horror to the situation the bodies are rapidly decomposing, and it has been suggested that cremation may have to be resorted to.

There are 50 bodies for which no provision for burial has been made.

A joint committee of Odd Fellows and Knights of Pythias spent the day among the dead, identifying members of their order. They found about 20 of each order among the dead.

The school children of this city have gathered a carload of flowers, which will be sent to Scofield. Superintendent Welby having placed a special car at their disposal for that purpose.

Subscriptions for the relief of the sufferers are coming in from all over the state, and the total now amounts to \$23,000.

The special committee appointed by Mayor Thompson to receive subscriptions to the relief fund met and organized by electing the following officers: President, J. E. Dooley; treasurer, A. L. Thomas; secretary, William Iglehart. While the committee was in session A. L. Thomas read a dispatch from Hon. Henry Phillips, of Pittsburg, in which he expressed deep sorrow for the terrible disaster and requested that his name be put down for \$100.

John Kirton, one of the men brought out of the mine alive, has died. The body of Foreman Parmalee was found among the dead, his body being terribly mangled.

A funeral train with bodies of dead was scheduled to leave Scofield today, stopping at Spanish Fork, Provo, American Fork, Salt Lake, Ogden and Coal Valley and one body will go through to Springfield, O.

FRANCE'S MESSAGE OF SYMPATHY.

Loubet Had the Ambassador Condole With Us Over the Terrible Utah Mine Disaster.

WASHINGTON, May 4.—The French ambassador called on President McKinley and Secretary Hay and conveyed the condolence of the president of the French republic to the president of the United States over the mine disaster at Salt Lake City. He handed the secretary the following personal letter on the subject:

"EMBASSY OF THE FRENCH REPUBLIC IN THE UNITED STATES.
"WASHINGTON, May 3, 1900.

"Mr. Secretary of State:

"The president of the French republic has just heard of the terrible catastrophe which has taken place at Salt Lake City. He has instructed me to be his interpreter near the president of the United States of America, and to assure him of the sympathy which he feels on account of this sad event.

"In transmitting to me the expression of the sentiments of President Loubet, M. Delcasse, minister of foreign affairs, likewise instructs me to convey to the American government the expression of the profound sympathy of the government of the republic.

"Be pleased to accept, Mr. Secretary of State, the assurances of my high consideration.
JULES CAMBON."

PRESIDENT'S SYMPATHY MESSAGE.

Expressed Sorrow Over Terrible Mine Disaster In Utah.

WASHINGTON, May 4.—The president sent the following telegram to the governor of Utah:

"EXECUTIVE MANSION,
"WASHINGTON, May 3.

Governor Wells, Salt Lake City, Utah:
"I desire to express my intense sorrow upon learning of the terrible calamity which has occurred at Scofield, and my deep sympathy with the wives, children and friends of the unfortunate victims of the explosion.
"WILLIAM McKINLEY."

ATTACKED BY REBELS.

Americans Had a Desperate Fight In the Island of Panay—Four Killed and 16 Wounded.

MANILA, May 4.—A dispatch received from Iloilo reported that a desperate fight took place at Leambanao, in the center of the island of Panay. It appears that a reconnoitering party of the Twenty-sixth infantry was surrounded, and that four of the Americans were killed and that 16 others, severely wounded, were left on the field. The remainder of the soldiers had a narrow escape.

The dispatch adds that reinforcements were sent from Iloilo as soon as news of the affair was received, whereupon the Filipinos retreated to their mountain stronghold.

OFFICERS COURT-MARTIALED.

Records Received In Washington—Judge Advocate to Decide Extent of Otis' Power to Dismiss.

WASHINGTON, May 4.—The war department has received from General Otis at Manila the records of the proceedings of courts-martial in the cases of five commissioned officers. The chief of these cases is that of Major George W. Kirkham, Forty-ninth volunteer infantry (captain Twenty-third infantry), who was dismissed from the service by order of General Otis on conviction by court-martial of conduct unbecoming an officer and a gentleman in having misbehaved in appearing in the streets of Manila in a drunken condition.

The other cases received are those of First Lieutenant Robert C. Gregg, Forty-ninth volunteer infantry; First Lieutenant Clayton J. Bailey, Twenty-seventh infantry; First Lieutenant John J. Foley, Thirtieth volunteer infantry, and First Lieutenant Harold Hammond, Ninth infantry. These officers were tried on various charges. Lieutenants Gregg and Bailey were convicted and sentenced to dismissal, and Lieutenants Foley and Hammond were acquitted. The sentence in each case was approved by General Otis, and were disposed of without submission to the authorities at Washington.

At the instance of the secretary of war, Judge Advocate General Lieber will make a special report in a case which involves the right of General Otis to dismiss officers without reference to the president as commander-in-chief of the army. It is admitted that such power is conferred on generals commanding armies in the field in time of war, but it is contended that no such condition existed in the case of Major Kirkham at the time of the offenses alleged to have been committed. The principle also applies to the Gregg and Bailey cases.

More Officers Court-martialed.

WASHINGTON, May 4.—Three more court-martial cases have been reported to the war department by General Otis. These are: First Lieutenant E. B. Johnston, Forty-ninth infantry, convicted of drunkenness and sentenced to dismissal; First Lieutenant T. R. J. Campbell, Forty-seventh infantry, convicted of violating the articles of war and sentenced to a reprimand and the forfeiture of \$30 of his pay; First Lieutenant P. H. Devine, Forty-seventh infantry, tried for violating the regulations and acquitted.

CHECKS BRANDY DRINKING.

French Minister of War Forbids It In the Army.

PARIS, May 4.—A very important decision was promulgated by the minister of war, General The Marquis de Gallifet, and one which is particularly noteworthy in a country like France, where the consumption of brandy and so-called "aperitifs," such as absinthe and vermouth, is so prevalent.

For some time the leading medical men have been strongly condemning the practice, declaring that the chief brandy and alcoholic concoctions sold as "aperitifs" are rapidly filling the lunatic asylums of the country.

Recently a number of military chiefs prohibited the sale of such drinks in the barracks and camps under their command. General de Gallifet now comes out with a decree making this prohibition general throughout the French army. Wine, beer and cider are still allowed as innocuous beverages.

ENGLAND ASKED TO EXPLAIN.

Alleged American Vessel Was Boarded Wrongfully by Warship.

LONDON, May 4.—United States Ambassador Choate asked Lord Salisbury for explanations as to the alleged abuse of international right in the case of the American ship Sea Witch, which, according to the statement of her commander, Captain Howe, was boarded by the British warship Wasp within the three-mile limit of Portuguese territory in East Africa.

M. E. BISHOP ANTI-BOER

Hartzell Plead Cause of English, at Cincinnati.

ADDRESS OF THE BISHOPS READ.

General Conference Heard the Quadrennial Document of the Head Officials of the Church Strong Against Divorces and Want Amusements Restricted.

CHICAGO, May 4.—Bishop J. O. Hartzell, of the Methodist Episcopal church, pleaded the cause of the Briton in the Transvaal before an audience that almost filled the Auditorium. He spoke from impressions gained by personal observation of conditions in South Africa, from personal acquaintance with President Kruger and his advisers, and from close study of laws and the administration of laws by the government. Bishop Hartzell made his argument in behalf of the English. The audience was markedly pro-Boer in its sympathies.

CHICAGO, May 4.—The interest of the delegates to the Methodist general conference was centered in the reading of the bishops' quadrennial address by Bishop E. G. Andrews. The address, which was prepared at a recent meeting of the board of bishops in Indianapolis, was called for by Dr. Frank M. Bristol. Bishop Andrews was given close attention, and when the spectators gathered from the report that while the country had increased fourteen fold during the past 100 years, the Methodist Episcopal church had developed ninety-seven fold, they applauded enthusiastically. The bishops' address stated that the church will not abandon its position on the liquor question. On the contrary, "aroused and indignant at the aggression of the liquor power, at the inexcusable miscarriage of the anti-temperance law, and at the new peril which the nation is involving in its new possessions, it will summon and pledge all our ministers and people to a more determined struggle against this enormous evil."

As to marriage and divorce, the address continued:

"In the presence of this evil, the church can not allow its rules on the subject of divorce and remarriage to be in any case inoperative and void. Let, if need be, the church law be amended to more perfectly express the New Testament rule of marriage. But by the voice of its public assemblies, by its pulpits and by the judicious exercise of discipline, the church should keep itself pure and aid the civil law and the practices of society to become pure."

"Closely associated with these evils is the popular passion for unwholesome, coarse and debauching amusements. Whoever watches the daily press cannot miss the evidence of shameful degradation in the theater, concert and dance hall, and on the race course. And the tendency to great excess also in other comparatively innocent forms of amusement can not escape attention. The seriousness of life seems largely forgotten, its opportunities of usefulness unoccupied, the vigilance necessary for righteousness relaxed and the love of the passing world gaining in mastery."

"It is not to be wondered at that every earnest age has tended to reprobate all amusements as incompatible with the Christian life. Experience has shown that it is impossible to impose on youthful and immature Christians a law which many a saintly soul, of thoughtful choice, imposes on itself. The attempt to enforce absolute abstinence from recreative amusements reacts toward unrestrained indulgence. A discrimination between the admissible and the inadmissible is, therefore, imperative. So great is the danger to spiritual life that we suggest that it would be profitable to place among the special duties of the discipline a brief but cogent statement of the perils which attach to many amusements, of the evils inseparable from others, and of the principles by which the Christian should regulate his choice among and his use of them."

The address recommends either the abolition of the time limit on pastorates, or a return to the three-year limit rule.

A. M. E. ZION CONFERENCE.

General Meeting of the Colored Church Convened In Washington.

WASHINGTON, May 4.—The general conference of the A. M. E. Zion church is in session here. Bishop Lomax, of Charlotte, N. C., presiding. The opening sermon was delivered by Bishop Hood, of Fairville, N. C.

There are 300 delegates at the conference, representing every state in the Union, Africa, Bermuda and St. Christopher islands. Bishop Small, the representative of the church in Porto Rico, Cuba and the Hawaiian islands, also is present. The most important legislation to come before the body is the election of bishops and the consideration of a proposed change in the organic law of the church. The conference represents a membership of over 500,000. A letter from President McKinley was read, in which he regretted his inability to be present at the opening exercises, and expressed the hope that he might be able to attend some future session.

Priests Enroute to Rome.

NEW YORK, May 4.—The Right Rev. J. A. Forest, bishop of San Antonio,

and five Texas priests; Very Rev. Joseph Lefebvre, provincial visitor of the oblate missionaries, Lowell, Mass.; Mons. Ferano, Johnstown, Pa., and about 12 other priests, sailed on the steamship La Bretagne, enroute to Rome. They are making the "holy year" pilgrimage and to attend the canonizing exercises of Jean Baptiste de La Salle, founder of the Order of Christian brothers.

THOUSANDS HEARD BRYAN.

Spoke to Meetings and Held Receptions In Toledo—Predicted Democratic Success This Year.

TOLEDO, May 4.—William J. Bryan was received here by a large delegation of citizens, headed by bands of music and a special committee, composed of representative Democrats from all over Northern Ohio. The meeting had been especially designed for Northern Ohio and Southern Michigan, and there were thousands of outsiders in the city.

Mr. Bryan was escorted to the hotel, where an informal reception was held in the rotunda, and he shook hands steadily for over two hours, after which he spoke briefly.

During the latter portion of the day another informal reception was held in the parlors of the hotel, which was attended by a great many ladies.

Mr. Bryan spoke last evening at considerable length at the armory, after which he was escorted to Memorial hall, where he was tendered a reception by the Modern Woodmen of America, of which he is a member, and spoke perhaps five or ten minutes. From Memorial hall he was escorted to E. K. hall, where elaborate preparations had been made to receive this distinguished member of that fraternity. It is estimated that fully 25,000 people heard Mr. Bryan at the various points where he spoke in this city.

"The Democratic party is sure to win," Mr. Bryan said in an interview. "The people are with us this year, and they are in sympathy with the principles which shall be embodied in the Kansas City platform, and which represent the feelings of the great mass of American people."

"I think that Ohio is much more likely to go Democratic this year than is Nebraska ever likely to go Republican again."

FOR GOVERNMENT ARMOR PLANT.

Senate Naval Bill Authorizes It If Armor Is Over \$300 a Ton.

WASHINGTON, May 4.—The senate committee on naval affairs reported the naval appropriation bill. The bill as reported carries \$63,128,616, an increase over the house bill of \$2,241,000. The principal increases are:

The provisions relating to armor appropriate the \$4,000,000 carried in the house bill for the purchase of armor, directs the secretary of the navy to pay not exceeding \$545 per ton for armor for the Maine, Ohio and Missouri and to contract for other vessels at \$445 per ton, and, if it cannot be purchased at that price, he is to acquire a site and erect an armor plate plant to cost not more than \$4,000,000, of which sum \$2,000,000 is made immediately available. Another proviso is that no contracts for armor for vessels provided in the present act shall be made at a price higher than \$300 a ton.

AN OVATION TO GROW.

His Speech of 48 Years Ago Recalled. Free Home Bill Passed.

WASHINGTON, May 4.—The house, without division, passed the "free home" bill, which has been pending before congress for a number of years. A remarkable thing in connection with the passage of the bill was a speech in its favor by Galusha A. Grow, of Pennsylvania, the venerable ex-speaker of the house, who, 48 years ago, fathered and had passed the original homestead bill. Mr. Grow was given an ovation. By unanimous consent, it was ordered that his original homestead speech be printed in The Record.

He was then the youngest and is now the oldest member of the house. The remainder of the day was devoted to the sundry civil appropriation bill, the last but one of the great supply bills.

Private Pension Bills Passed.

WASHINGTON, May 4.—A number of private pension bills were passed in the senate, including those to pension Mrs. Julia MacV. Henry, widow of the late General Guy V. Henry; General James Longstreet; Mrs. Margaret M. Badger, widow of the late Commodore Badger, and Mrs. Harriet Gridley, widow of the late Captain Gridley, of the navy.

Valuable Vases Seized.

NEW YORK, May 4.—Two Chinese vases, worth \$40,000, were seized by the customs officers on the French liner pier for alleged evasion of the customs law. The vases were the property of M. De Malherbe, a Parisian dealer, who imported them from China via Vancouver and Quebec.

SCARCITY OF COFFINS.

May Be Necessary to Cremate Utah Victims' Bodies.

DEAD LIKELY TO NUMBER 250.

A funeral train to leave the scene of the disaster today—One body for Springfield, O.—Remains of Another Ohio Victim Located.

SALT LAKE, Utah, May 4.—Dispatches from Scofield say that the extreme estimate of the dead is now conceded to have been too large, and that it is numerically impossible to place the loss of life at 300, as there were not that many men in the mines. The probabilities are that 250 will be about the total number of dead. Relatives of the victims continue to arrive from all the surrounding towns.

The body of Tom Brogdon, of North Lawrence, O., was located in mine No. 1.

There are not enough coffins in the camp to bury the dead, and to add horror to the situation the bodies are rapidly decomposing, and it has been suggested that cremation may have to be resorted to.

There are 50 bodies for which no provision for burial has been made.

A joint committee of Odd Fellows and Knights of Pythias spent the day among the dead, identifying members of their order. They found about 20 of each order among the dead.

The school children of this city have gathered a carload of flowers, which will be sent to Scofield, Superintendent Welby having placed a special car at their disposal for that purpose.

Subscriptions for the relief of the sufferers are coming in from all over the state, and the total now amounts to \$23,000.

The special committee appointed by Mayor Thompson to receive subscriptions to the relief fund met and organized by electing the following officers:

President, J. E. Dooley; treasurer, A. L. Thomas; secretary, William Iglehart. While the committee was in session A. L. Thomas read a dispatch from Hon. Henry Phillips, of Pittsburg, in which he expressed deep sorrow for the terrible disaster and requested that his name be put down for \$100.

John Kirtson, one of the men brought out of the mine alive, has died. The body of Foreman Parmelee was found among the dead, his body being terribly mangled.

A funeral train with bodies of dead was scheduled to leave Scofield today, stopping at Spanish Fork, Provo, American Fork, Salt Lake, Ogden and Coal Valley and one body will go through to Springfield, O.

FRANCE'S MESSAGE

OF SYMPATHY.

Loubet Had the Ambassador Condole With Us Over the Terrible Utah Mine Disaster.

WASHINGTON, May 4.—The French ambassador called on President McKinley and Secretary Hay and conveyed the condolence of the president of the French republic to the president of the United States over the mine disaster at Salt Lake City. He handed the secretary the following personal letter on the subject:

"EMBASSY OF THE FRENCH REPUBLIC IN THE UNITED STATES.
"WASHINGTON, May 3, 1900."

"Mr. Secretary of State:

"The president of the French republic has just heard of the terrible catastrophe which has taken place at Salt Lake City. He has instructed me to be his interpreter near the president of the United States of America, and to assure him of the sympathy which he feels on account of this sad event.

"In transmitting to me the expression of the sentiments of President Loubet, M. Delcasse, minister of foreign affairs, likewise instructs me to convey to the American government the expression of the profound sympathy of the government of the republic.

"Be pleased to accept, Mr. Secretary of State, the assurances of my high consideration.

JULES CAMBON."

PRESIDENT'S SYMPATHY MESSAGE.

Expressed Sorrow Over Terrible Mine Disaster in Utah.

WASHINGTON, May 4.—The president sent the following telegram to the governor of Utah:

"EXECUTIVE MANSION,
"WASHINGTON, May 3."

Governor Wells, Salt Lake City, Utah:

"I desire to express my intense sorrow upon learning of the terrible calamity which has occurred at Scofield, and my deep sympathy with the wives, children and friends of the unfortunate victims of the explosion.

"WILLIAM McKINLEY."

ATTACKED BY REBELS.

Americans Had a Desperate Fight In the Island of Panay—Four Killed and 16 Wounded.

MANILA, May 4.—A dispatch received from Manila reported that a desperate fight took place at Leambanao, in the center of the island of Panay. It appears that a reconnoitering party of the Twenty-sixth infantry was surrounded, and that four of the Americans were killed and that 16 others, severely wounded were left on the field. The remainder of the soldiers had a narrow escape.

The dispatch adds that reinforcements were sent from Manila as soon as news of the affair was received, whereupon the Filipinos retreated to their mountain stronghold.

OFFICERS COURT-MARTIALED.

Records Received In Washington—Judge Advocate to Decide Extent of Otis' Power to Dismiss.

WASHINGTON, May 4.—The war department has received from General Otis at Manila the records of the proceedings of courts-martial in the cases of five commissioned officers. The chief of these cases is that of Major George W. Kirkham, Forty-ninth volunteer infantry (captain Twenty-third infantry), who was dismissed from the service by order of General Otis on conviction by court-martial of conduct unbecoming an officer and a gentleman in having misbehaved in appearing in the streets of Manila in a drunken condition.

The other cases received are those of First Lieutenant Robert C. Gregg, Forty-ninth volunteer infantry; First Lieutenant Clayton J. Bailey, Twenty-seventh infantry; First Lieutenant John J. Foley, Thirtieth volunteer infantry, and First Lieutenant Harold Hammond, Ninth infantry. These officers were tried on various charges. Lieutenants Gregg and Bailey were convicted and sentenced to dismissal, and Lieutenants Foley and Hammond were acquitted. The sentence in each case was approved by General Otis, and were disposed of without submission to the authorities at Washington.

At the instance of the secretary of war, Judge Advocate General Lieber will make a special report in a case which involves the right of General Otis to dismiss officers without reference to the president as commander-in-chief of the army. It is admitted that such power is conferred on generals commanding armies in the field in time of war, but it is contended that no such condition existed in the case of Major Kirkham at the time of the offense alleged to have been committed. The principle also applies to the Gregg and Bailey cases.

More Officers Court-martialed.

WASHINGTON, May 4.—Three more court-martial cases have been reported to the war department by General Otis. These are: First Lieutenant E. B. Johnston, Forty-ninth infantry, convicted of drunkenness and sentenced to dismissal; First Lieutenant T. R. J. Campbell, Forty-seventh infantry, convicted of violating the articles of war and sentenced to a reprimand and the forfeiture of \$30 of his pay; First Lieutenant P. H. Devine, Forty-seventh infantry, tried for violating the regulations and acquitted.

CHECKS BRANDY DRINKING.

French Minister of War Forbids It In the Army.

PARIS, May 4.—A very important decision was promulgated by the minister of war, General The Marquis de Gallifet, and one which is particularly noteworthy in a country like France, where the consumption of brandy and so-called "aperitifs," such as absinthe and vermouth, is so prevalent.

For some time the leading medical men have been strongly condemning the practice, declaring that the chief brandy and alcoholic concoctions sold as "aperitifs" are rapidly filling the lunatic asylums of the country.

Recently a number of military chiefs prohibited the sale of such drinks in the barracks and camps under their command. General de Gallifet now comes out with a decree making this prohibition general throughout the French army. Wine, beer and cider are still allowed as innocuous beverages.
